

Strategic Partnership announcement

Grøn/Bruun and Schuman Associates are happy and proud to announce that we have engaged in a strategic partnership. The partnership will significantly strengthen Schuman Associates presence in the Nordic countries and give Grøn/Bruun Research and Innovation Bureau access to Schuman Associates offices, partners and experts in nine EU countries. Furthermore the two companies will share intelligence, analyses and strengthen collaboration.

- Ruth Estrada, Partner, Schuman Associates
- Christian Walther Bruun, Partner, Grøn/Bruun Research and Innovation Bureau

About:

Schuman Associates is a leading EU business advisory firm in Brussels with 30 years' experience in European funding and public affairs securing business for our clients. We are in a constant learning mode, innovating and adapting solutions for clients enabling them to respond to the dynamic EU business environment.

Our clients include organisations such as Orange, CISCO, Philips, DT, European Commission and many more. Our key to success across our Policy and Funding activities has been a proactive and solutions oriented approach.

Schuman Associates are present in Brussels, Athens, Bucharest, Dublin, Madrid, Milan, Prague, Sofia and Warsaw.

Grøn/Bruun Research and Innovation Bureau is a Copenhagen based partner for enterprises, research groups and organisations that wish to develop their research and innovation activities. We provide international networks, access to new knowledge, visibility, the option to influence, long-term collaboration platforms and funding access to our clients.

Together, we have more than 20 years of experience with research and innovation policy in Denmark, Israel and EU. We aim to contribute to organisations ability to engage in international partnerships and gain access to funding. We are specialised in EU funding programmes such as Horizon 2020, Horizon Europe, EuroStars, Interreg, LIFE, UIA, but also assist with national funding programmes.
