PIZZA

Byg en Pizzaovn

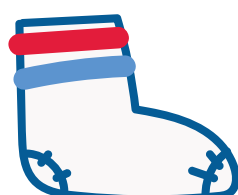

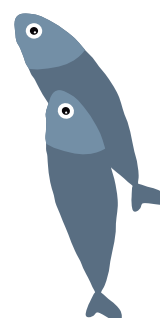

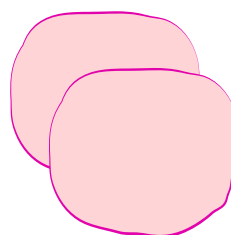

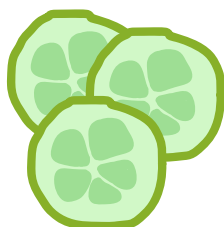

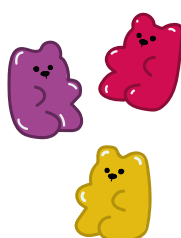

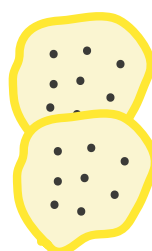

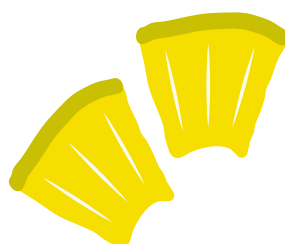

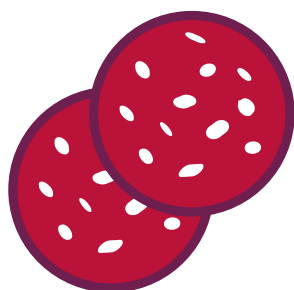

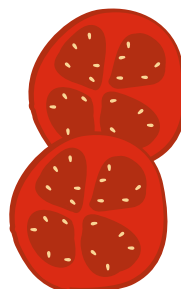

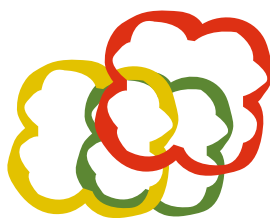

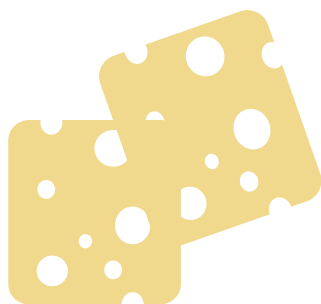

I et pizzeria er der altid en pizzaovn, som kokken bager pizza i. Her er en opskrift på en pizzaovn, du kan bygge.

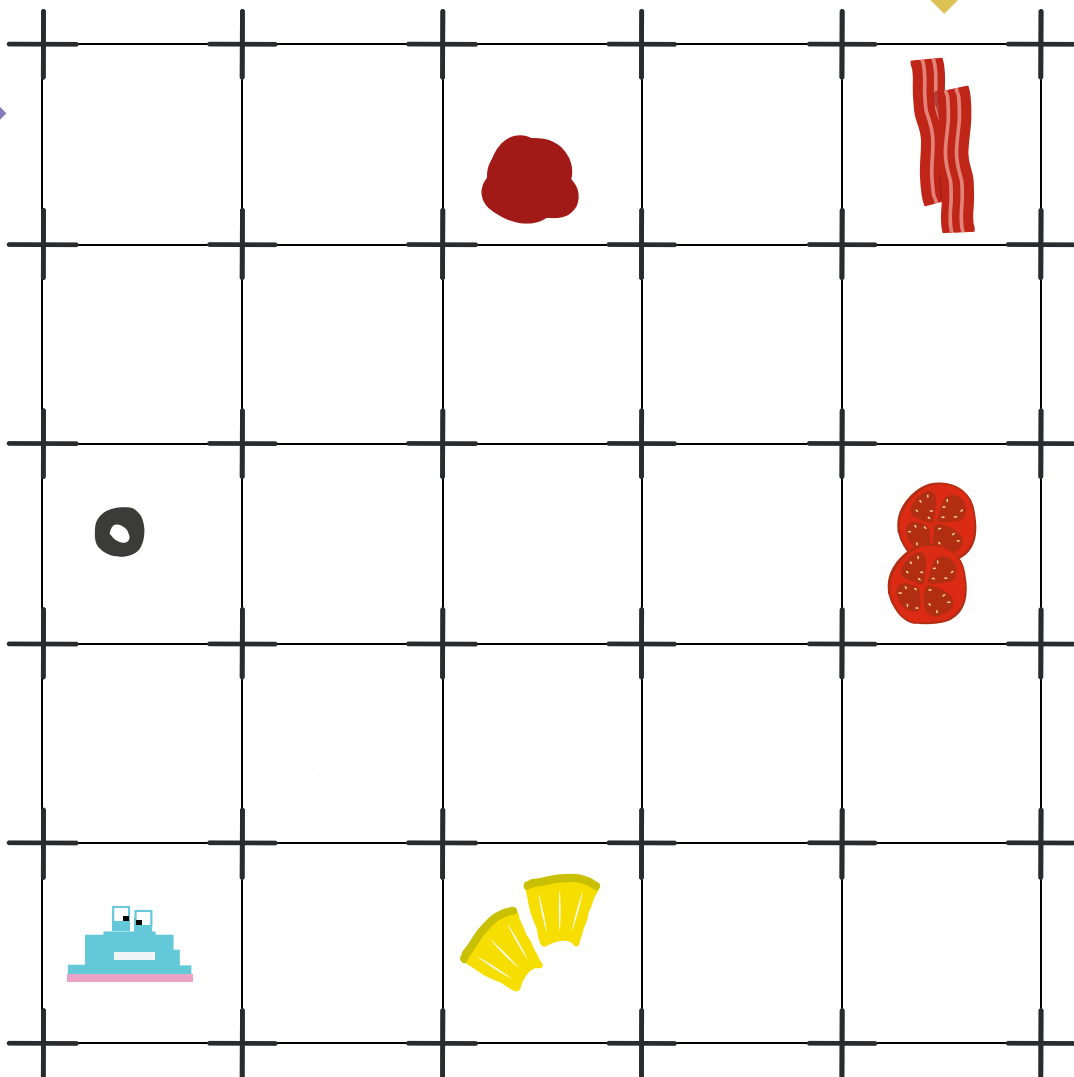

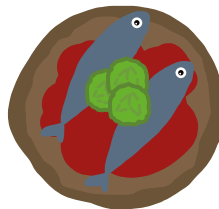

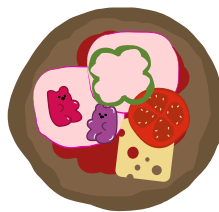

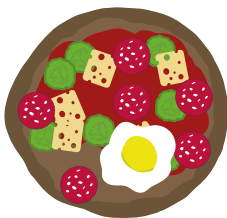

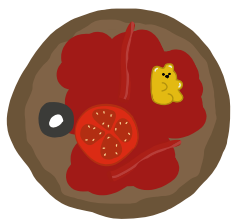

Jack har samlet 3 pizzaer med ost og pepperoni, du kan klippe ud og bage i din nye ovn.

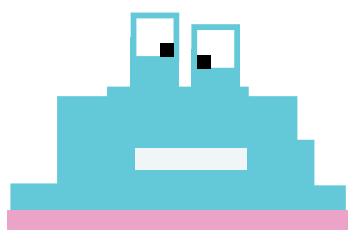

Klip alle delene ud med en saks

Bring pizza ud til alle vennerne på én gang

Nu skal du kode Benny til at aflevere alle 4 pizzaer. Hvis du har en blåbot og en blåbotmåtte, lægger du måtten ud og placerer de 4 figurer på hver deres plads.

Hvis ikke, så skal du skrive koden i felterne til højre og rykke med en klods.

Du bestemmer selv rækkefølgen på dem, der skal have pizza.
