Welcome to Harrow Open Studios

We are pleased to welcome you to our sixth annual event, where a diverse collection of artists will open their studios over two weekends in June.

Entry is free and some artists include demonstrations and refreshments. Much of the work on display is for sale and many artists are happy to accept commissions. This event is perfect whether or not you are curious about what is being created in your street, looking for a piece of art for your home or if you just want to know more about the creative process.

Harrow Open Studios is an independent organisation run by its members and generously supported by local sponsorship. We aim to build links with the community and increase awareness of the work of artists in the London Borough of Harrow. If you are interested in becoming involved, please see our website for details.
