

Church Flowers

This year, sadly, I have had more funerals than weddings to provide floral tributes for. My thanks go to Ann Hodge for helping me out with the flowers. Decorating the church for the main festivals is becoming a greater challenge with fewer of the team available at any one time. Most of us have families to visit at special holidays. I would love to have some more people to help(no experience needed) for these festivals (ring me ! 01892 770 804)

I have a problem too of providing sufficient flowers and foliage for our numerous displays. If at any time you have an abundance of flowers or shrubs that need a prune please contact me especially keeping in mind Harvest.

Finally a huge thanks to all the team who have supported me this year. Even clearing the church after festivals needs some help.

Jennifer Hudson.
