

Henrik Hedström

I am a problem solver by nature. I have always loved to solve problems and that combined with my interest in gaming led to my education in game programming.

EDUCATION

The Game Assembly, Malmö – Higher Vocational Education

SEPTEMBER 2019 - Present

Education in game programming. Worked in teams with people from different expertise groups creating games. You make a total of 8 games at The Game Assembly, 3 of these are in a game engine that you create yourself within your group. During my specialization I made a bow and arrow prototype in VR because VR and gameplay is something that I enjoy to work with.

NTI Gymnasiet, Malmö – High School Diploma

SEPTEMBER 2016 - JUNE 2019

Technology program with the focus on information and media technology. The subjects included programming and web development.

EXPERIENCE

Hero3D, Malmö – AR/Software developer (Internship)

AUGUST 2021 - Present

A part of the education on The Game Assembly is having an internship. I had my internship at Hero3D where I developed AR applications in Unity for Hololens 2. Worked both with smaller prototypes (Digital twins) and some larger more feature heavy projects. Had meetings with customers on site and online, wrote storyboards, made flowcharts. Had single responsibility on some smaller prototype projects. Demoed AR for people that had never tried it before. Optimized current projects to work better on the Hololens, made new features, worked on network code.

PreZero, Malmö – Garbage truck co-driver

JUNE 2021 – JULY 2021

Collected the garbage cans to the truck and emptied them into the truck, helped with navigating, emptied the truck at the recycling station. Worked with different drivers.

MKB, Malmö – Summer Worker

JUNE 2018 – JULY 2018

Worked in groups. Emptied trash cans, cleaned poles/fences, painted doors, swept leaves.

SKILLS

C++

C#

Unity

Agile work

Visual Studio

Driver's license

LANGUAGES

Swedish

English

Älgårdens förskola, Malmö– *Summer Worker*

JUNE 2016 - JULY 2016

Made sure that the children played safe. Set the table for lunch. General helper to my colleagues.

VOLUNTEERING

Mattecentrum, Malmö– Volunteer

SEPTEMBER 2021 – Present

As a volunteer I help students with math at a high school level (up to Matte 3c) and below. I also help with similar subjects such as programming and physics but mainly math.
