

**Hortimare BV** is the supplier of high quality starting material (seed) for seaweed farmers. Our mission is to contribute to a sustainable future, by making seaweed a competitive add on for land-based products. To accomplish this we advise, support and collaborate closely with seaweed farmers. In addition we contribute to (international) research projects with our scientific knowledge. Our internal culture is characterized by close collaboration, honesty and equality.

Hortimare has over 10 years' experience in breeding and propagating seaweed. Our expertise lies in the biological and technical area.

Hortimare is looking for a proactive, hands on and creative technical colleague, who has a strong affinity with and experience in aquaculture technology.

You will be working in a passionate and international team, each member highly professional and involved in the daily operation. The main language is English.

**Your position in the organization:** Aquaculture technician

The day to day activities will be on the technological level of the organization. The technological systems play an important role in the daily operations, and you will be responsible for the R&D, implementation, optimization and maintenance of the land based aquaculture of different species of seaweed. You will also be part of the technical team, involved in maintaining and developing the water system. Experience is preferred as there will be a large degree of independent work and innovation across a variety of technical topics.

**Your profile:**

The ideal candidate has the following characteristics:

- Works independently and systematically
- Technologically experienced
- Quality oriented
- Motivated and proactive
- Affinity with aquaculture and technological solutions
- Creative and solution oriented
- Physically strong and energetic
- Communicative and teamplayer
- Willingness to travel

**Our offer:**

Hortimare offers a challenging position in a sustainable organization in a growing international market.

The salary will be in line with your experience and education.

In addition to our unique and passionate work environment, Hortimare offers a collective pension plan, 25 holidays (on a fulltime contract) and a sports- or bicycle plan. The close team organizes social activities regularly and values a good atmosphere.

**Information:**
