

Welcome Back!

The first week of remote learning for this year has been successful and the children in the JLC have been brilliant at getting up in the morning, logging onto Teams, keeping their camera's on, muting their microphones when appropriate and getting on with the work set.

A great big thank-you to all the children and their parents for making my job so wonderful!

Did Christopher Columbus Really Discover America?

This is our new topic. We have looked at Blackfoot, Apache Folk Tales and timelines. I am so keen on the topic, I even bought a Native American Indian War Bonnet!

Miss Keddy, JLC Manager

Maths

In Maths we are still following the White Rose scheme of work. The children are focusing on multiplication and division for the next two weeks.

I was very impressed they could use the inverse to solve sums that had missing numbers and using the formal method to work out multiplication sums.

English

The children really enjoyed making perfume at home. They then designed their own bottle and label. 'Makes people Happy' was my favourite strapline. The children certainly are creative and inventive.
