Statistics	1							
Textiles	2							

Comments

- A Levels this year are once again the most popular choice for HHGS Leavers
- Maths / Further Maths / The Sciences/ Business & Geography are the most popular A Levels this year
- New A Level for 2020 is Statistics

- BTECs / CTECS / Diplomas are a popular vocational alternatives to A Levels for students looking to access equivalent L3 courses or a GCSE equivalent L2 course
- Many students now choose to mix A Levels with Vocational Courses
- No increase in Apprenticeships
- This was a cohort with a wide range of abilities seeing the most academic students move on to A Levels in Maths & The Sciences and less academic students taking on Level 2 / Access courses.

Mrs Smith
