

FloryBoost Pet

Dietetic complementary feed
Reduction of acute intestinal absorptive disorders during periods of, and recovery from acute diarrhea
For dogs and cats

Properties

Thanks to its rich content of bentonite (Montmorillonite) and wood charcoal, **FLORYBOOST Pet** soothes the gut lining.

It also brings prebiotics, probiotics, electrolytes and energy, that helps to maintain intestinal microflora balance and intestinal tract health.

When do I need FloryBoost Pet?

- ⊗ To prevent feed borne diarrheas (feed transition, travels)
- ⊗ Alongside conventional drug treatment in case of digestive upsets

Direction for use:

- ⊗ Per day:
 - ⊗ 1 dose as soon as possible
 - ⊗ Renew within the day
- ⊗ Administer orally for 3 days or according to your specialist advice
- ⊗ Dose:
 - ⊗ Cats: 2ml
 - ⊗ Toy and small dogs (<10 kg BW): 2ml
 - ⊗ Medium dogs (11-25kg BW): 4ml
 - ⊗ Tall dogs (26-40 kg BW): 6ml
 - ⊗ Giant dogs (>40kg BW): 8ml
- ⊗ Double the dose in case of severe diarrhea
