

ColoBoost pet powder

Complementary feed

Rich in colostrum

For newborn puppies and kittens

Properties

ColoBoost Pet is an immune booster.

It is formulated for newborn puppies and kittens which lack colostrum (low amounts or bad quality).

Made up of concentrated and standardized colostrum, the formula is designed to enhance puppy immunity. Energy, aminoacids, vitamins and prebiotics contribute to a good start of the puppy.

When do I need ColoBoost Pet ?

- ⊕ Low amounts of colostrum
- ⊕ Bad colostrum quality
- ⊕ Low colostrum intake

Direction For Use:

- ⊕ Dilute 4 g of COLOBOOST Pet (= one spoon supplied in the box) in the 60 ml baby bottle, duly filled with some lukewarm water.
- ⊕ Give the first dose: as soon as possible after birth, the second dose: 8 hours later, the third dose: 24 hours after birth.
- ⊕ **Dose:**
 - ⊕ Small size breeds puppies and kittens (body weight from 250 to 350 g at birth): 10 to 20 ml.
 - ⊕ Medium size breeds puppies (body weight from 350 to 500 g at birth): 20 to 30 ml.
 - ⊕ Big size breeds puppies (body weight from > 500 g at birth): 30 to 40 ml.
