

# HydraBoost Pet

Complementary feed

## Rehydrating solution

For dogs and cats

### Properties

**HydraBoost Pet** brings electrolytes, osmolytes and sugar to the pet.  
It stabilizes the balance of electrolytes and water.

**HydraBoost Pet** is a solution easy to mix with drinking water.

**HydraBoost Pet** palatability is good thanks to its liver aroma.

### When can I use HydraBoost Pet?

- ⊕ During and after digestive upsets
- ⊕ Dehydration (diarrhea, heat stroke, sport...)
- ⊕ Prevention from dehydration (long duration transport, extended effort...)
- ⊕ After fasting

### Direction for use:

⊕ Prepare rehydrating solution by diluting 2 caps (8ml) of **HydraBoost Pet** in 250 ml of fresh and clean water.

! Preparation should be renewed everyday.

- ⊕ Dosage:
  - ⊕ 250 ml of rehydrating solution per 5kg of body weight per day
  - ⊕ Administer rehydrating solution with an oral syringe or give free access to it.
