east yorkshire 2019 OPEN STUDIOS

Logo ©Brian Priestley

During the weekends of September 21st – 22nd and 28th – 29th there will be around 60 venues to visit across East Yorkshire where artists and crafts people, returning and new will be displaying and selling their work.

Many venues are working studios not normally open to visitors so this is a great opportunity to see behind the scenes and to view or to purchase artwork created locally and often inspired by the beauty and diversity of the East Yorkshire landscape.

The open studios covers areas around Bridlington, Driffield, Pocklington, Beverley and Hull and studios will be open from 10am to 5pm (please note that times may vary – exact details are in our brochure).

Visit our website www.eastyorkshireopenstudios.org or find us on facebook.

In Harmony

Well, following our stupendous debut performance at the Leconfield 24 Hour Singathon, this month has seen us refining our repertoire, tuning our tonsils and girding our loins in readiness for not one, but two further stunning appearances.

The first is to take place at the Southlands Care Home in Cranswick on July 21st. We are confident of being able to put on a performance that will live long in the memory.

The following Sunday, July 28th, the whole village can have the opportunity to see what they are missing and what all the fuss is about when we take to the stage at the Village Fair at 2.30 pm. We are very excited, as you all should be! Don't miss the chance to see the highlight of the weekend!!! A little bird tells me that there may even be a little bit of choreography going on to support the astounding vocals. So not only are The Kingdom Choir worried about where their next wedding invitation will come from, I understand the whole cast of The Greatest Showman have been seen crying in their beer at the thought of losing out to this amazing new talent. So, come along, have a listen and even join in if the mood takes you.

Who knows, if you like what you see, you might be tempted to join us at our rehearsals every Monday evening at 7.30pm in the back room at The White Horse Inn. Men are particularly welcome. There are no auditions and no requirement to be able to read music, just a desire to have fun and raise some money for charity.

Church choir wins at Hornsea Music Festival!!!

The Hornsea Music Festival is held every summer in the lovely seaside town of Hornsea, East Yorkshire. This year the festival took place on the 3rd, 4th, 5th, and 6th of July.

St Peter's Choir entered the accompanied church choir class. The choir was required to choose and sing two contrasting pieces in an eight minute time limit. Congratulations to all and in particular to the "brilliant gaffers" Peter Maw and Alan Farrow.

Full report on page 7.

The aim of the choir is to have fun, whilst raising money for local charities. There are no auditions; no need to be able to read music and everyone is welcome. There is no demand for people to attend every week as we realise that this is not always possible with the busy lives that most people lead.

As seems to be the case for most choirs, we are always looking for more men to join our happy throng. Why not give it a try and come along and meet some new friends? You will be assured of a warm welcome and the chance of a drink afterwards to satisfy your hard earned thirst.

**Every Monday at
The White Horse.**

How times change...

Some two thousand years ago, a wandering preacher got quite a name for himself as he made his way around an area called Galilee. Crowds came from places near and far to hear him. On one occasion, there were so many people gathered that he went up onto a hill so that he could address them all more clearly. What he said was written down and is now one of the most well-known passages in the book that we call the Bible. It has become known as the sermon on the mount.

The preacher's name was Jesus, and he started by giving the crowd eight very simple rules to live by, attitudes that they should show in their lives. As an example, 'Blessed are the meek, for they shall inherit the earth' was one of those rules. If we translate that into more modern language, those who show compassion and understanding, those who treat others well – those people will be well rewarded.

Times are very different now – I wonder what the reaction would be if a wandering preacher turned up today and started giving a public address on the village green. Most people would probably ignore him or her. A few might listen, some might even feel compelled to call the police. No – that way of addressing the crowds doesn't really seem to work these days.

Technology has changed the way in which we communicate. Social media is the way many people get their message across, whether you choose Facebook, Twitter, Instagram or one of the other platforms available. These can be great ways to share your story with many people – if the Church of England sends out a message on Twitter, over 90000 people receive it. That really is powerful.

With that power comes responsibility, because these platforms have the power to do damage as well. Social media can be faceless, and people can hide their true identity. Being rude or offensive to another person is a lot easier if you are not looking at them, face to face. Cyber

bullying is a real issue, especially amongst teenagers, and it is a problem that we, as a society, need to address. It is not just a question of keeping ourselves safe on-line; it is also a question of being respectful to others on-line.

The Church of England has issued guidelines on the safe use of social media, and the Bishop of Oxford added to those eight rules that Jesus gave us, to reflect the world we live in. To the rule I mentioned earlier, he adds 'I will not boast or brag on-line, nor will I pull others down'. That sounds a good rule to me – the full set can be found on his Twitter page @Steven_Croft. The words he uses are different to those that Jesus used two thousand years ago but the underlying message is still the same. It's a message that all of us can learn from.

Have a great summer

Success at the Hornsea Music Festival

On Friday 5th July members of St Peter's Church Choir travelled to Hornsea United Reform Church to sing. For some this was the first singing competition they had entered and 5 of our members are Yr7 and under, the youngest being still in infant school in Yr 2. For others this was familiar territory and one of us had taken our Grade 8 singing exam that day too!

It very quickly became apparent that the standard of music was to be very high, the first performance I heard at the Festival was a girl aged 12 very capably playing Spring from Vivaldi's Four Seasons!

The Choir was somberly moved to the front in readiness and soon it was time for us to sing. Alan Farrow accompanied on piano and Peter Maw was our conductor. Peter is our Choir Master and he has an outstanding CV having been for many years the East Riding Convener of the Royal School of Church Music and has been in charge of choirs for about 40 years. Peter inspires the members of the choir and keeps us in check which

isn't always easy with wriggly chattering children but his gravitas and Paddington-esque hard stares have resonated with them and they have all adopted him as their grandad they tell me!

We took the stage and performed We Will Remember Them which is a Remembrance Day song and one which requires us to

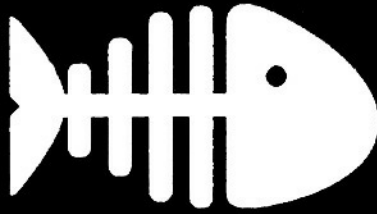

remember to follow Peter instructing us on the dynamics! We then sang Song of Mary which is a pacier tune.

We then listened appreciatively to our competition – the St Nicholas Church Choir from Hornsea. They were very good and they looked very smart. In fact they were so

good we all said to each other we had been pleased to have the experience but we'd clearly not won. We then listened to two other classes before the learned adjudicator Marlynn J. R. Davies delivered her results. The adjudicator said in her opinion St Peter's Choir sang in unison and it was particularly good to see the children paying so much attention to Peter. She said we did well in our parts which was high praise indeed as we are soprano heavy which has the potential to make it difficult for other parts to be heard. We could not believe it when she said we won our class! Some of us were in tears! What a result! We got a certificate and we were only a point away from silver ware - the points were cumulative across classes and we had only entered one so we did well with our score and overall we were awarded a Commended.

St Peter's Choir sing most weeks in Church and we welcome new comers and we especially welcome listeners! Come and listen to an award winning choir here in the village! It's free as well if you come and hear us at a service!

Hutton Cranswick WI report.

What a lovely bubbly meeting we had. Lyn welcomed members and the usual business took place. Members' birthdays were celebrated, then our speaker for the evening was introduced, our very own member, Christine.

Not so much a speaker as a demonstrator, Christine showed us all how to make a beaded necklace then produced kits for us all to make our own. Chaos ensued with beads everywhere but with Christine's help we all ended up with beautiful individual necklaces. Christine was presented with a bouquet of flowers as a thank-you.

Our tea hostesses had prepared extra cakes for refreshments and those left were sold to raise money for breast cancer care.

On August 17th, 2-4pm we will hold a **strawberry tea** in the hall, all welcome.

The **book group** is at Gwynneth's on 3rd September, we are reading *The Guilty One*, by Lisa Ballantyne.

Coffee Stop at the garden centre is now on the last Friday in the month.

When I get home one of the first things I do is put on my slippers, and if you are wondering they are not Tartan with pompoms on!

Aren't feet amazing things? Even anatomically, they're small but incredibly complex. They're our means of propulsion, we use them for balance. For dancers, they're vehicles of art and beauty. Soldiers toughen up their feet for marching. Footballers feet are part of their livelihood, although the boots today look more like carpet slippers. I never knew what a metatarsal bone was until Beckham and Rooney fractured theirs! Feet take lots of punishment, and often we don't think about them until they hurt or are damaged.

I am amazed and inspired by people with disabilities who have overcome their handicap by using their feet to paint and do so many other tasks.

A young lad was asked by a careers advisor what he wanted to be when he left school he said "I'd like to be a brain surgeon, but I'm going to start as a chiropodist and work my way up!"

A few years ago we visited the Kennedy Space Centre and enjoyed the display celebrating the Apollo landing in July 1969. You can touch a piece of Moon rock, see an actual Lunar Module and a Moon buggy! But what fascinated me was a pair of boots that had left an impression in the dust of the moon, that print will stay there until the end

of time, because there is no atmosphere, hence no rain and no winds.

It will soon be the time for harvest festivals when we celebrate and give thanks for all that God has given us in creation, but it's also a reminder to think how we use creation responsibly. Like the moon boot, what impression, what footprint do we leave for future generations?

I sometimes get fed up of the scaremongering that happens on the news and the 'Nanny State' and over the top Political Correctness but I believe when it comes to issues over Global warming and the misuse of the earth's resources we should listen.

Kofi Annan, former UN Secretary General who was also President of the Global Humanitarian Forum commented;

"Climate change is a silent human crisis. Yet it is the greatest emerging humanitarian challenge of our time. Already today, it causes suffering to hundreds of millions of people, most of whom are not even aware that they are victims of climate change. We need an international agreement to contain climate change and reduce its widespread suffering."

We can have the mindset of what has that got to do with me? Especially when we can't see it's effect and what difference will it make any way. I well remember as a young lad going to school in FOG and it being around for days on end. When the 'Clean Air

Act' came into force ... what a difference it made.

Many of the issues that are discussed I have no control over, but I pray for the leaders and scientists who have the opportunity to bring about change nationally and internationally. I can also make a difference in small and simple ways such as recycling of paper, glass, plastics, etc.

God bless, Robert Amos

A poem by John Polhill

Blessed are those who use low energy light bulbs for theirs is the light of God's wisdom.

Blessed are those who travel by train for their lives are on God's track.

Blessed are those who chose a car with low fuel consumption for they are in God's fast lane.

Blessed are those who insulate their homes for theirs is the warmth of God's love.

Blessed are you when you put yourselves out to use energy from renewable sources, for you have kindled the flame of the future.

The Forgham Memorial Award

The pupils were presented with photo plaques of their designs and a Gift Card at a special Celebration Assembly on Friday 12th July. Certificates were given to all pupils who created a design to be considered for the award. The Clerk would obtain a crime number and arrange for the damage to be repaired. Cllr Swan had some concerns, that the construction of the seesaw appeared to conflict with guidance, relating to British Standard EN1176 and EN177. The Clerk would seek advice from the East Riding of Yorkshire Council. Payment for the seesaw would be held, pending satisfactory resolution of the concerns.

19/143 Community Safety – Residents had raised concerns of the high speed some vehicles travel down Main Street /Station Road. Cllr Poolford requested that the Clerk arranges for a regular police presence in the village with the aim of encouraging more responsible driving.

With regards to road markings, it was planned within the next couple of months, to refresh the most worn sections between the Cranswick Industrial Estate and the Farm Shop, to include the Hobman Lane junction.
- (c) **Dukes Close Development, Hutton Road** – An update from the East Riding of Yorkshire Council's, Rural Housing Enabler Officer was noted: Lettings - The 6 homes for rent had all been let, to either residents of the village, or those with a local connection by virtue of family or employment; Sales - Three of the 4 homes for sale by shared ownership have been reserved. Two have gone to local residents and one to another household from a nearby village; Grass verge - The Housing association (Together Housing) had confirmed that the contractor was going to reinstate the verge on the opposite side of the road to Dukes Close; Publicity - A press release about the Development was to be issued in early July.

19/145 Allotments – Cllr Poolford reported the making good of overgrown vacant allotments was to be completed when the ground had dried out.

Cllr Richardson gave feedback on matters discussed at the Committee Meeting held on the 25th June, 2019. The Committee had agreed to recommend to the Council a request from the Angling Club, to complete the fourth and final section of the otter fence. The fence was to be erected a metre in from the existing boundary fence, on the SRA field. There would be no cost to the Council. It was **Resolved** to approve the request subject to there being no objection to the proposal from the SRA (proposed Cllr Richardson/seconded Cllr Sibley-Calder).

Damage to the Wet Pour surface in the playground.

There has been a small hole due to the wear of the overhead slide, which has then been pulled or dug at. The pattern of the tears does imply that this has been caused deliberately. The wet pour may well have had a small bit of damage which we may well have had repaired free of charge if the Clerk had been made aware of it immediately.

However the damage here was far beyond wear and tear. As a result the Council is faced with a bill of £1450 plus VAT. The matter was reported to the police. A claim has been placed with the Council's insurance company. There will be an excess amount to be paid - money that would have been far better spent on other things in the village.

Can we reiterate if anyone comes across any damage or problems at the park please report it to the parish clerk ASAP, his details are on the notice board or contact a councillor; details are on this page.

The Local Plan Review, which we reported on in October 2018 (The Bulletin), is now collecting more evidence on the Five-year housing supply, on outline and allocations to demonstrate that they will come forward and an update on the delivery of certain sites. The desk based assessment on sites is starting to collect information on over 1000 land bids and existing allocations. There is an interactive map online showing the outline of promoted sites.

Protecting Communities, Targeting Criminals

Protect your home while you are on holiday. Don't leave your house looking unoccupied

- Mow the lawn before you leave so that it doesn't look like a meadow by the time you get back.
- Leave curtains and blinds open – nothing reveals that a house is unoccupied so much as curtains drawn during the day.
- Cancel milk and newspapers and any other regular deliveries.
- Ask a neighbour to remove free newspapers and post from your doormat if they can be seen through a glass panel or through the letterbox.
- Install a light on a timer switch that comes on in the evening. If you are using a light on a timer, don't use it with a table lamp that can be viewed through a window – a dead giveaway.

Keep your valuables safe

- Keep valuables out of sight and don't leave them where they can be seen through a window.
- If you conceal valuables in your home, avoid obvious hiding places such as your sock drawer or in a fake food can in the kitchen – burglars are wise to this trick.
- Try not to leave anything you would hate to lose in the house while you are away
- Given that most burglars are opportunists and their motive is generally to get in, get something of value and then get out as fast as possible, your intruder might be encouraged to leave after finding a fake hoard rather than turning your house upside down to find anything of real value.

Don't tell everyone you're on holiday

- Don't tell people outside immediate friends and family that you are going away or for how long.
- Don't talk about your planned holiday on social media - you don't know who can read your comments, or who they will tell.

MAKE A BEDTIME CHECK

- Close inside doors at night to stop a fire from spreading
- Put cigarettes and candles out properly
- Check the cooker is turned off
- Make sure all exits are cleared
- Turn off and unplug electrical appliances

We believe a more modern building would greatly enhance the facilities within the village and offer a greater choice of activities.

We are now planning to build this new facility for the village which will meet these aspirations. To do this we will need to raise £560,000. We are putting the project plan and detail in place so that we can identify the next steps for creating the new building.

We are seeking funding through various charities and trusts. We are looking locally to suppliers and trades people who are prepared to offer their expertise in creating our new building. Please get in touch with Mike Wardell on 07814 923699.

FRIDAY, 12TH JULY

The Ryedale cycle event, which took place over the 13th/ 14th weekend, saw just over 260 cyclists set off from Malton to the SRA at Hutton Cranswick where they were fed and watered.

Lots of volunteers from the village, and beyond, gave up their time to help working behind the bar, providing teas etc. and clearing up. Food was provided by outside caterers but local ladies (and perhaps the odd gentleman) came up trumps and provided the delicious desserts, we are fast becoming famous for them!

The desserts are a highlight for many of the cyclists and 350 portions were soon demolished.

Accommodation for some was provided by our local scout group who pitched 14 tents.

After an overnight stay they headed back to Malton leaving at 7am.

Then the clear up began. A full skip of rubbish! Special thanks to Tara, Leonie, Melvyn, Trevor, Gina, Yvonne, Rob, Annie, Claire, Anita, Jess, Millie and Sue for all the help to make it a successful event.

Next year will be the 10th anniversary of the ride – it will take place over the weekend of 4th and 5th July.

cubs

Cub Scouts is the second section in the Scout Movement for 8 to 10½ year olds. In this section, excitement and adventure are key. We offer a huge variety of activities, indoors and outdoors, allowing them to be creative and get involved in their local communities.

We meet on Monday evening at the Methodist Hall, at the top end of Main Street. After a few weeks your girl or boy will be 'invested'. This is when they promise to do their best and help others.

We believe that Cubs learn by being active, so Monday nights are packed full of amazing activities in the Hall and on The Green. We challenge young people of all abilities to have a fun time.

Scouting is for adults too! Scouting offers the chance for you to organise fun!!

My Potion

First I put sticks and buttercups. Next some ash and grass. After a bit of glittery liquid. Make sure you shake it up first.

This is my potion to help the Magician of Light get his powers back. I would get some soil, grass, toxic ash, nettles, beautiful dock leaves, sticks and buttercups. To get your power you need to put it in your ear. Then it will soak into your brain and get in your skin. I hope this potion works and it costs £1.50.

By **Dominic** in Year 2

My Potion

It smells of rotten sticks and smoke. It looks like shimmering grey glitter and ash. It has grass. My potion is strong and wild bubbly. It is fiery and dirty. You must put it in your eyeballs because it will get your powers back.

First we went to the outdoor area. Then we put stuff into our bottles. Next we put glitter in our bottles and we went onto the field to get more stuff and dirt.

By **Dalton** in Year 2

An Extract from a Ghost Story

As I entered the dungeon, all I saw was mould and grime that seemed to envelop the walls. The dim, shadowy light from the torch on my phone guided me a few feet until my vision was lost and beyond my sight: I could see nothing. I crept down the corridors; it felt like one million eyes were staring at me, so I looked behind, beside and in front of me but only sinister darkness came back.

Unexpectedly emerging from the shadows was a ghostly figure that made my heart stop and palms

grew sweaty. Beyond his malicious eyes I could see he had no soul... no feelings... no kindness; it made me want to crawl into a corner and perish away. "Who are you, what are you?" I murmured quietly.

"I am the ghost of Lord Dobroyd" he whispered menacingly. "G.g, get away from me!" I stuttered, petrified.

I started jogging away but soon I was darting through narrow passageways, dodging rats scampering across the dusty floor trying to get away from the despicable re-formation of the

once Lord Dobroyd. As I was sprinting away from Lord Dobroyd, I noticed from the corner of my eye an open door. I slid inside relieved to be away from the barbaric creature. 'Bang' the door was locked, I was trapped. Then I slipped backwards into a thick, oozy mud. Using up all my strength I tried to get out. I then realised I was sinking, this wasn't mud - it was quicksand!

Slowly submerging to my death I screamed for help but nobody came ...

Were you a child growing up in the Second World War?

The Bulletin team, working with Hutton Cranswick WI and children from the primary school are looking to record experiences of villagers who grew up in the Second World War. If you grew up during this period and would be willing to share your experiences, then we are organising for a number of the older primary school children to help record your experiences. We are organising an afternoon tea on Wednesday 18th September at the WI Hall when the interviews will take place. Please get in touch with The Bulletin Team by calling us on 270187 and mention this article.
