The first thing we would like to do is to send a huge 'Congratulations' from all at the Community Choir to Alan Farrow and the St Peter's Church choir for their success at the Hornsea Music Festival as reported in last month's Bulletin. It's great to see that music and choirs are thriving in our community and lovely to see children involved as well. Singing is so good for young and old alike, so well done to everyone involved.

You may remember from last month's Bulletin that we were preparing for two performances. The first was at the Southlands Care Home in the village, where one of the residents, Beryl, proved to be one of, if not, the most appreciative audience member we have ever sung in front of. She was smiling, joining in and expressing her enjoyment throughout the entire performance. I hope we were able to bring similar joy to everyone else who heard us.

Well, did you see us? Did you see the choir in all their glory? In years to come will you be able to look back and tell your grandchildren 'I was there'? I don't mind saying that, prior to our

performance at the village show, there were plenty of nerves, a few sweaty palms and considerable trepidation. But, enough about the audience, what about the choir!?

As ever, not everything went entirely smoothly, but overall, the biggest positive was seeing all the happy, smiling faces afterwards (maybe not the audience this time.....). The great thing was that the choir sang with gusto, gave it their all and came away feeling exhilarated and buzzing. We even gained some new members following our performance, including (whisper it quietly) a man!! Welcome, Frank, it's good to have you on board. Mind you, at the time of writing, he's only been to two rehearsals, so maybe the reality might have dawned on him by now (or the drink worn off!). Anyway, I am sure he'll be back!! (won't you Frank? Pretty please? Buy you a pint????)

Our repertoire continues to grow with such wide variety as 'For The Beauty of the Earth', through Louis Prima, Judy Garland, The Beatles, Eric Clapton, ELO and right up to Ed Sheeran amongst many others and we will be busy from now on polishing them up in time for our next performance at St Peter's Church, Hutton on Saturday, September 14th, as well as adding a few more as we go along.

We meet every Monday evening in the back room of The White Horse from 7.30 – 9.00. New members are always welcome and there are no auditions. You do not need to be able to read music, just have a sense of fun and want to help raise money for charity.

In Bloom stall at Village Show

Thanks to all of you who donated plants and other items for the Village in Bloom stall at the Village Show on 28th July. We raised £135.05. Thanks as well to all the volunteers who staffed the stall during the day.

Request for help at the station

We are looking for one or two volunteers to help with a section of the border on platform 2 at the station. The two people looking after this section at the moment will tidy up in the autumn so now would be a good time to shadow them. If you have some time and are interested in keeping our station planting looking glorious, please contact Gina Simpson or Heather Teare in the first instance.

For more information on Village in Bloom please contact:
Gina Simpson at: ginasimpson@btinternet.com or on 01377 270173 or

Where would we be without friends?

September can be a month of change for so many with the start of Education or the continuation of it but at a different institution. This can be so stressful or 'a walk in the park'.

What makes the difference?

Friends!

Friends keep us company; they help and support us; they tell us things that no one else does; perhaps the most important, they care about us and so are there for us.

Jesus knew the importance of friends. He had 12 special friends who travelled with him, as well as lots of others. Those 12 weren't chosen because of their social standing; in fact at least 2 could be described as undesirables (Matthew who worked as a tax collector for the hated Romans and Simon the Zealot, or terrorist as far as the Romans were concerned) and 4 were fishermen.

Jesus understood the meaning of 'friendship'. He didn't ditch his friends when he didn't like what they said. James and John were not expelled from his circle of special friends because they wanted to call down thunder on the inhabitants of a village. He didn't turn on Judas for betraying him or on Peter for denying him.

Jesus gives us a pattern for friendship, a pattern which we've seen in the Old Testament and in other parts of the new Testament.

David and Jonathan were the best of friends; when his father planned to kill David, Jonathan warned him. And saved his life.

Paul had friends who helped him in his missionary work. He could not have achieved what he did without them.

Friends are important.

Today they may be at the end of a telephone to text or speak with, on Facebook, on Skype or other modes of communication, for when we cannot meet them.

We can never have too many friends but we can have too few.

Some have no friends and that can lead to loneliness and a feeling of isolation, of being cut off from all around you.

We are all God's friends, even though some are unaware of this. We need to emulate the friendship and love that Jesus showed to all irrespective of their station in life or faith.

Friendship Coffee Group restarts on Wednesday 4th September, 10.30am at the SRA.

New Men's Group starts on Saturday 7th September, 9.30am at the Cranswick Garden Centre.

During the weekends of September 21st – 22nd and 28th – 29th there will be around 60 venues to visit across East Yorkshire where artists and crafts people, returning and new will be displaying and selling their work.

Many venues are working studios not normally open to visitors so this is a great opportunity to see behind the scenes and to view or to purchase artwork created locally and often inspired by the beauty and diversity of the East Yorkshire landscape.

Did you hear of the Yorkshire man who visited a stonemason to organise a memorial for his recently deceased wife. His wife was a good Christian woman who served God all her life and thought that the words **"She was Thine"** would be a fitting tribute. Later he went back for the unveiling and to his horror it read **'She was Thin'**. The husband said you have missed the **'E'** off. On his next visit he was even more annoyed when he saw that the stonemason had carved **'E' she was thin!**

The family of a wealthy American family commissioned a biographer to write the story of their rich and powerful Father. As the work progressed they suddenly remembered that they had forgotten to warn the writer of 'Uncle George' who, for selling state secrets to the Russians, was executed in the electric chair. The biographer assured them that he could handle the situation. When the book was published it read *'George occupied a chair of applied electronics at an important government institution. He was attached to his position by the strongest ties and his death came as a real shock.'*

In April 1999 someone had reported that the folk musician Dave Swarbrick had died after a short stay in a Coventry hospital. The Daily telegraph printed an obituary. But he hadn't died at all. Thankfully it was a favourable account of his life. It is not something

everyone gets to do, and with a smile he said "As a musician it's not the first time I have died in Coventry".

Most people are familiar with the name Alfred Nobel, after whom the Nobel Prizes are named. Nobel made his fortune as the result of an invention of his - dynamite. One morning, he opened his newspaper and was astonished to read his own obituary in the paper. He was feeling sad as it was because his brother had died, but a careless reporter had published the obituary of the wrong Nobel. It described him as "the dynamite king, the industrialist who became rich from explosives." It made Alfred Nobel sound like nothing more than a merchant of death. Nobel was very upset by what he saw ... not simply that the wrong person was being remembered, but the awful picture it painted. Alfred Nobel resolved that day to change the course of his life and do something positive for society. He left his entire fortune to be awarded to individuals who have done the most to benefit humanity, and the result was five Nobel Prizes that are awarded with such fanfare each year.

What if you could read your own obituary?
 What will be said about you? What memory or image
 would you like people to remember you by?
 What impression will you leave?

I came across a poem called 'Heart prints'

Whatever our hands touch - We leave fingerprints!
 On walls, on furniture, On doorknobs, dishes, books,
 As we touch we leave our identity.
 Oh, Lord, please where ever I go today,
 Help me leave heart prints!
 Heart prints of compassion Of understanding and love.
 Heart prints of kindness and genuine concern.
 May my heart touch a lonely neighbour
 Or a runaway daughter,
 Or an anxious mother,
 Or, perhaps, a dear friend!
 I shall go out today To leave heart prints,
 And if someone should say "I felt your touch,"
 May that one sense be ... YOUR LOVE, LORD
 Touching through ME.

Herbert Hutton Hedgehog here, just thought I would introduce myself and tell you all what I am up to at the moment.

Yesterday it rained so much it was brilliant because when it's damp I get up as it gets dark and all those juicy beetles and slugs are out, DINNER!

Did you know I am nocturnal and that's why you don't see a lot of me? A lot of people think if I am out in the day I am ill and need rescuing but that's not always true. Some of my very good lady friends are out in the day because they still have a nest full of hoglets and they need to stock up on food and water, mainly I think they just want a rest from the kids but don't tell them I said that.

Some of the hoglets escape out of the nest as well and that is just awful because they are very vulnerable. If you do see a little one, pick it up using gloves or a handkerchief or something if you can, and put it into a box. If you have time just hang around to see if there are anymore, you will probably hear them if they have lost mum or

mum may even be out looking then you can just give it back.

September is the time we are all trying to pile on as much weight as possible for our months of hibernation, it's like a diet in reverse.

Water can be a bit of an issue for us, we can swim and have been known to cross rivers but our biggest problem sometimes is getting out of ponds with plastic sides, a nice sloping side is good, a few stones we can climb up on is great and even some chicken-type wire over the edge down to the water is a help. We are excellent climbers.

When I get a bit peckish and the bugs are

a bit scarce I am always really grateful to those of you who put a few cat biscuits out for me, mind you I'm not so good on the fish flavoured ones, a bit of chicken or meat is my preferred choice. I am lactose intolerant so milk is really bad for me.

This is a message I received from my very good friends at Holderness Hedgehog Hospital I would like to share with you. The new number to contact Holderness Hedgehog Hospital for help and advice is 07563917914 or via our Facebook page messenger. We now operate a number of satellite rescues around the Holderness and East Yorkshire area. This allows us to cover a wider area and hopefully get the right help for the hedgehogs quicker. We hope to expand on this with our amazing volunteers' help. We triage the call or message as the best course of action may be to get the poor hedgehog to a vet straight away, an example would be serious injury that the hedgehog would not be able to recover from. We are also focusing more on education: this will include talks or workshops on the plight of hedgehogs and what everyone can do to help. So far we have given talks to schools, youth groups and a Countryside society. If anyone would like to donate to help fund our hospitals please go to our webpage where you will find a donation link.

Our charity number is 1178929

Community Speed Watch

The Parish Council has received information on this scheme. It is a community led scheme to monitor vehicle speeds in an area.

The volunteers who take part are all trained by an approved Police trainer in the use of a speed detection device. The volunteers will record the registration numbers of vehicles travelling in excess of the speed limit. Once they report their findings to the Community Speed Watch Coordinator at Humberside Police, a series of warning letters are issued to the registered keeper of that vehicle, culminating in a letter being hand delivered by a Police officer and the possibility of the offending vehicles details being added to a database for future enforcement by the Police.

Let us know your views. Would you volunteer?

HUTTON CRANSWICK VILLAGE SHOW

Celebrating and showcasing achievements of our community groups and individuals.

A Big Thank you!

Sponsorship Partners: Hutton Cranswick Parish Council: Cran-Bury Festival: UK Bars

Now in its 5th year, the Hutton Cranswick Village Show basked in warm sunshine on The Green. The craft and produce show attracted entries from across the village and wider community.

With over 7000 square metres of canvassed space available there was plenty of space for our strawberries and cake café, all the stall holders and entertainers. The versatile Buckrose Concert Band entertained with songs from the shows in their own marquee.

Many local community groups including the Hutton Cranswick WI, Scouts, Guides, Village In Bloom, and local Playgroup were able to fund raise. There was a small animal's tent for the Holderness Hedgehog Hospital, Canine Partners and Hull Animal Welfare Trust which proved to be popular. There was the popular Dog Show organised by Jemma Harvey and the Tug of War, sponsored by Hutton Cranswick Fisheries.

Very positive comments have been received on Social Media and by email.

"Thanks to all involved in the Village Show today - we live in Beverley - we're looking at moving to HC in the near-ish future. We came to the show today and loved it - fantastic community spirit. "

"I saw lots of interesting exhibits and felt the wonderful atmosphere. There was a real buzz and everyone was obviously enjoying themselves."

"We had a lovely afternoon at the village show... coffee and cakes were delicious and our 5 year old daughter was very excited to win two treasures on the tombola. The people involved really worked hard to make the day a success... my mum loved the band. We are so happy that we are moving to this lovely village to be closer to family."

"Hi, we had a great time yesterday, so glad the weather stayed dry for you. It looked like a proper country show and you had a good turnout." Denise Walker, Makara Morris.

Thanks to Scott Tomlinson and Kylie Beahan who created the Cran-Bury Festival to raise funds for the Village Show, providing an opportunity for the local community to party and support local ventures. Finally a big thank you to all our volunteers and those who were able to attend. We are looking forward to organising the Village Show, next year, in July 2020.

Bulletin Deliveries

As mentioned in the August Bulletin, Gary Austin has joined the Bulletin team. Gary moved to Cranswick about 18 months ago. After settling in to his new home and doing all those necessary jobs, Gary was looking for something more to occupy him in his retirement. That's when our 'Time is Running Out' advert caught his attention.

Annie & Gary worked together to deliver the August Bulletin and will be doing the same for September, with Gary taking the lead. From October, Gary may well be on his own but will have the support of the team and the cooperation of our ever-willing band of volunteer deliverers.

Annie joined The Bulletin team in 2017 and has worked with Alma Printers and all the deliverers to establish a reliable system to ensure all households receive copies of The Bulletin. This has been very challenging in recent months because of all the new homes becoming occupied at different times.

Annie has been a valuable member of the team. We thank her very sincerely for all the hours she's spent on sorting deliveries ... and all the miles she's walked doing her own delivery rounds. We hope that will stand her in good stead for playing golf on those mountainous Scottish courses! We wish her well with her move to Scotland and hope she & Rob will soon be settled and happy ... and, of course, she'll continue to read The Bulletin online!

Please note

From October, any issues concerning deliveries should be sent to Gary:

Scheme to replace the sewer pipe

Here is information about the scheme to replace the sewer pipe from Hutton Cranswick Sewage Pumping Station (SPS) which is located at the end of Southgate, to the Wastewater Treatment Works (WwTW) in Watton. The existing pipe is ageing and in need of replacement. When it bursts there's a risk of pollution and sewer flooding, so Yorkshire Water need to carry out this work to significantly reduce the risk of that happening again in the future.

They are hoping to start this scheme week commencing 16 September and will take until the end of March 2020 to complete. The normal working hours will be 8am to 6pm Monday to Friday. On occasions they may need to work a little later and at the weekend. No work will be completed over

the Christmas and New Year holidays: Saturday 21 December to Sunday 5 January.

They will need to build a compound area to store materials and welfare units for the scheme and this will be located at Little Lane, Watton which leads towards Watton Abbey Farm.

Access for construction traffic for the works to the SPS and the pipeline from it will be via a track near to Hurrells Seeds off the A164 Beverley Road and not via Southgate.

The new pipeline will be laid by excavating along the route of the existing pipe and also using directional drilling techniques which will avoid excavating in localised areas such as water courses and under the A164 Beverley Road. The existing pipe will continue to be used until the new pipe is laid and flows switched over at the SPS. At the time of the

changeover they will tanker from the SPS in order to maintain customers wastewater services. This will be pre-planned and they will notify the parish council and customers in advance. The tankering should be completed through the day time. They will restore all working areas in the highway, fields and verges once they have completed the scheme.

Due to the nature of the work, and to ensure the safety of footpath users, they will have to close some footpaths which cross our working areas during the scheme. Footpath closure notices detailing alternative routes will be signed at the point of closure. If you have any questions you can call their Customer Service Team on 0344 848 1099 (Monday to Thursday 8am to 5.30pm and 8am to 5pm on Friday).

A Description of the Royal Wedding

The crowds cheered noisily as the car arrived. After the bride stepped out of the shiny black car carefully and waved to the crowds. The bridesmaid picked up the back of the dress and looked tired after they let go. With her dad on the red carpet and up the stairs into the exquisite church. And people were singing all over the room and the Prince was waiting for her.

My Holiday in 1952

The journey to Scarborough took us a very long time because our car kept us going to the petrol station. You could hear the donkey's footsteps and you could smell fish and chips. Also you could see lots of red and blue boats. There was a puppet show with lots of detailed puppets called Punch and Judy. Also you could taste fish and chips. There was crashing waves they taste like salt if you taste them it won't taste very nice. Only in the sea there is lots of seaweed there. Next time I go I will take a sandcastle bucket sun cream and my dog.

Writing from a Giraffe's Perspective

Yesterday I achieved my biggest dream. It all started when I was leaving the changing rooms, I was second in the queue for the 5.80m diving board. However, walking up the spiral walkway the giraffe in front pulled over, so I had to lead the spotty herd. Feeling apprehensive I watched the machine lower down that helps you flip round multiple times.

Hot and sweaty I ran down the diving board with adrenaline running up my body. Being launched into the air I feel like the world froze. However, I landed with almost no space, I swam up and took a huge gasp of air, at this point I felt relieved and ready for the real one. I ran back to the queue and up the slippery tiled floor (trying not to slip). Being so impatient I try to think of what to do for the next dive. After a long wait it is time for the real thing. Another giraffe gets lowered down so two giraffes can go at a time now. In the corner of my eye I can see the other giraffe. On the second dive I did a triple flip followed with a spinning streamlined finish.

I climbed out of the pool and went to get changed in the new changing rooms. When I got in the car, I phoned my mum and told her I did the 5.8m dive.

The Bulletin team, working with Hutton Cranswick WI and children from the primary school are looking to record experiences of villagers who grew up in the Second World War. We are organising for a number of the older primary school children to help record these experiences. We are organising an afternoon tea on Wednesday 18th September at the WI Hall when the interviews with five local people will take place.
