The date for judging our Yorkshire in Bloom entry is set for **Thursday 11th July 2019**. The Royal Horticultural Society (RHS) Yorkshire in Bloom judges will be looking at three businesses and two youth organisations in the morning and the village in general in the afternoon. This is the opportunity to show what we can do.

In order to put on a good show for the judges as they travel round the village please can you decorate your entrances and front doors with hanging baskets or containers. **Our colour theme this year is the Yorkshire Flag: blue, green, yellow and white.**

The Railway Station

Work is progressing. We don't yet have a date for its completion. There has been some flytipping on several occasions behind the recycling bins. If you notice anyone flytipping, please report them to East Riding of Yorkshire Council.

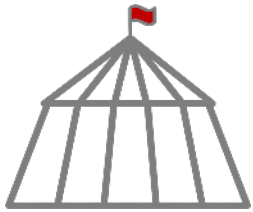

Appeal for large containers

On previous judging tours the judges have made comments about some of our smaller containers, which lack impact and are difficult to keep well-watered in times of drought. If anyone has any large containers, which they no longer need e.g water tanks, old feed troughs please can they get in touch with us, because we may be able to use them. This will be a project for next year. We want to brighten up the entrances to the village by using larger containers with more of a wow factor.

Dividing plants and recycling

We have been concentrating on growing perennials this year to add to our stock in containers to avoid using too many bedding plants. We have received some lovely plants. If you are dividing perennial plants that have grown too large or getting rid of them please don't throw them away. Give one of us a call and we can collect them or you can deliver them to Gina Simpson, 57 Main Street.

Village Show – advance notice

Village in Bloom will sponsor the following classes in the Village Show:

16	Decorated/planted wellie or container	Under 4 years
17	A flowerpot creation, using a minimum of 3 flowerpots	Under 7 years
18	"	7-10 years
19	"	11-15 years

There will be a £5 W H Smith voucher for the winner of each class, and an additional £5 for the overall class winner (classes 16-19)

Competitions results:

Photographic competition – a Spring Visitor

Winner: Richard Alderton – Seven-spot ladybird

Highly Commended – Monica McGregor – Spring flowers

Garden competition – planting in a recycled container

Winner: Josie Grevette

Highly commended: Sarah Fetches

“In Bloom” meeting

Do you believe in climate change?

The temperature on the first Bank Holiday of May 2019 was 13 degrees Centigrade in this part of the world. On the same Bank Holiday of 2018, it was more than twice as hot, we were basking in temperatures of 29 degrees C, and that's how it continued, more or less without a break, for the whole summer.

Recently, protestors from "Extinction Rebellion" brought much of London to a grinding halt with their peaceful protests. Whatever you think of their methods, their message is that we need to change our way of life to protect the only planet available for us to live on.

There seems no doubt that the climate of our planet is changing, and it also seems likely that we human beings have at least a part to play in slowing down that change, and even reversing it.

In the first couple of chapters of Genesis - the first book of the Bible - there are two descriptions of the relationship between people and the planet.

Firstly, there's a recognition of the God-given power which we undoubtedly have over

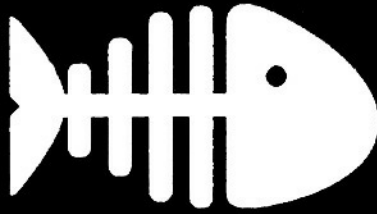

creation, which the Bible calls "dominion." But alongside that, and equally importantly, there's a God-given commission – human beings are expected to exercise responsibility and care for the world which they have been given as a gift.

Whatever your view of climate change and its causes, it's hard to disagree with the view that we have power to shape our environment. Just look at the way in which fields have been farmed over the centuries, the way in which hedgerows and woods, paths and lanes form a picturesque patchwork in our precious corner of

God's creation... the signs of human work and creativity are everywhere around us. With power comes responsibility, and surely we each have a part to play in looking after what we have been given. But the Bible says we aren't alone in this vital work... God the Creator is behind us and alongside us in our efforts to take care of His creation, and – where necessary – to repair it.

Hoping you enjoy June... whatever the weather...!

Inter-Church Prayer Fellowship

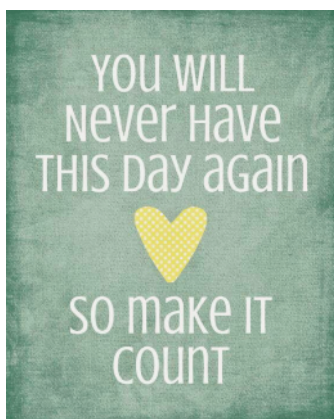

Mondays 9.30 am at 13a Orchard Lane

Dear friends

What will stand out for you so far in 2019? For me one of them will be that Barnsley was promoted back to the Championship. I look forward to games with Hull!

I celebrate a milestone on June 22nd when I share my 65th Birthday with my twin brother Steve. Thinking about it I have known Steve longer than anyone else, he was my 'Wombmate'. We have been described as a 'BOGOF' - Buy One Get One Free. I insist I was the 'bought' one because I arrived first, so I am heir to the family fortune, which unfortunately has never been found. I share a lot of characteristics with my brother, similar sense of humour, music and faith. It's interesting that one of my favourite disciples of Jesus was Thomas, he was known as Didymus (Twin) I wonder what his brother was like?.

Is sixty five old? It depends on who you are with. I remember as a sixteen year old going to the 65th party of my great uncle thinking that he shouldn't be let out unaccompanied especially without a carer! On my 40th birthday a teenager shared with me some great words of wisdom. . . "don't worry, age is just a number so enjoy each day as it comes".

Of course getting older does bring about changes. I have got to the point in my life where everything clicks into place . . . my neck, my back! and I have given up the idea of professional football but I like what the Bible says in Titus 2:2 'Older men are to be sober-minded,

dignified, self-controlled, sound in faith, in love, and in steadfastness. With God's help I'm working on it!

In the Old Testament Psalms (90 v 12), we are encouraged to "number our days." It is said that the average life span is 75 years of age so in that time you will live for 27,375 days. That sounds like a lot, but how quickly time passes. As a kid waiting for the end of term or a holiday seemed like an eternity. As I get more mature time seems to whiz by.

The question we can all ask is how are we using our 27,375 days? Do we live each day as though it were our last?

I remember reading a quote that said 'Don't spend your time counting your days, but making your days count'. It's been worked out that Jesus only lived about 12,045 days on this earth, and yet historians and theologians agree that he was the most influential person who ever lived. From the age twelve, he demonstrated that he knew his life's purpose: which was to do the will of God. Even when life was difficult and painful, he spent time in prayer, dedicating his life to the will of God. He shared time with people and made a difference with his teaching and presence.

Time - we can waste it, manage it, live within it but we can't regain it once it's gone or repeat it if we need a second chance. The moment gone is gone forever.

Enjoy each day as it comes!

Robert

The Station - as all rail users will be aware, there is a considerable amount of essential improvement work currently in hand at our Station. Quite apart from the contractual work - and at this stage we have no idea of timings for the erection of the new shelters/installation of the Rail ticket machine, etc. - two "In Bloom" supporters have in recent months been working their socks off to rid the embankment behind Platform 1 of all its briars/weeds/unwanted saplings and general mess and create an eye-catching area full of attractive perennials - all of which have been acquired at no cost. Unfortunately due to the current contractual platform work much of this endeavour disappeared under mounds of soil/rubble without any warning to our team! However work is now in hand once more to restore this banking and re-plant where necessary. This is a considerable undertaking and greatly appreciated. In order to retain the soil a quantity of planks or similar were required to shore up quite a lengthy area of soil, and we would like to thank most sincerely the generous residents who, when asked, have provided the necessary wood barriers and planks FOC so that the good work may continue. An excellent community undertaking - keep your eyes open - in time this area will look even more stunning.

Help create a new Parish Plan

Hutton Cranswick Parish Plan

The next Hutton Cranswick Parish Plan is a statement of how the community sees itself developing over the next few years. It should reflect the views of the community as a whole and contain an action plan which identifies practical steps that can be taken to help the community achieve its vision or the future.

The next Council Meeting is on Wednesday 26th June 2019 starting at 7.00pm in the W I Hall

The meeting is open to the public and early in the Agenda, the public and councillors may ask questions or make statements (limited to 3 minutes per person). No need to book - just turn up.

The Agenda is available on the council website. Minutes of the April meeting are published in this Bulletin.

The 8th May 1945 was the day peace emerged after nearly six years of war, so the 75th anniversary on 8th May 2020 represents an important milestone in our history.

You will agree that we cannot let this day pass without reflecting on the enormous sacrifice, courage and determination of people from all walks of life who saw us through this dark period. The celebration, **VE Day 75**, will cover the weekend of 8th - 10th May 2020, and will be an international celebration of peace – a time to remember, reflect and pay tribute to the millions who played such a

vital part in achieving it. Your Parish Council will be looking for ways to celebrate in Hutton Cranswick and invite you to make suggestions and ideas for the weekend.

Allotments:

These are situated on Beverley Road. There are a number of plots currently available.

If you would like to rent an allotment of approximately 1/10th of an acre for £15.00 per year, please fill in an application form and send it Steve Sanderson, Clerk to Hutton Cranswick Parish Council.

An application form is available on the council's website. When a plot becomes available you will be contacted. Thank you.

Scouts

Hutton Cranswick

We have had another busy month at Hutton Cranswick Scouts. Beavers have just had a cricket taster session on the green with All Stars Cricket where they learnt new skills through the games they played. This got us thinking - maybe someone can enlighten us as to the last time a proper cricket match was played on the green - we've been trying to remember, but our best guess is about 20/25 years ago.

Scouts have been doing random acts of kindness and have distributed plants or mugs round the village to people whom they thought deserved a little treat. Unfortunately the rain damaged some of the notes they left as they put them on doorsteps, but the thought was there!

We've had a group Easter party with Magic Mike, magic tricks, balloon models and dancing. Scouts went to Big Fun in Hull with Scouts from all over the area. St George's day brought a fun day on the showground, with reptiles, a climbing wall, sword and shield making, backwoods cooking, keyring making, a fire engine pull, and renewing our promise.

All sections made something for Mother's day to thank their Mums. Cubs used their knotting skills to make trebuchets, and then had a competition firing things across the scout hut.

Places available in all sections again from after half term, contact us on:

cranswickscouts@gmail.com

The Hutton Cranswick Scout group has a number of events and activities planned over the next six months and would like you to help get them ready. Email cranswickscouts@gmail.com with your contact details and we can arrange to meet up.

We believe in bringing people together to enjoy fun, friendship and adventure in a place they can belong.

Do more. Share more. Be more.

A Gurdwara

A Gurdwara is a place of worship for Sikhs. It's a place that is open for anybody in the World. To enter a Gurdwara you must take your shoes off, tie your hair up (kesh). In a Gurdwara everyone sits on the floor and the langar (the kitchen) only makes vegetarian meals. There you can also talk about people's problems and discuss the punishment.

The Nishan Sahib is a triangular orange flag with the Sikh symbol of a Khanda in the middle of it. It represents the values of the Sikh faith. The Sangat is a holy group of people. They sit and listen to the prayers that are being read out in the Guru Granth Sahib (Sikh Holy Book). A Goalak is known as the collection box, (found in front of the Guru

Granth Sahib) where worshippers put money and then bow or kneel down to the Guru Granth Sahib.

Global Warming

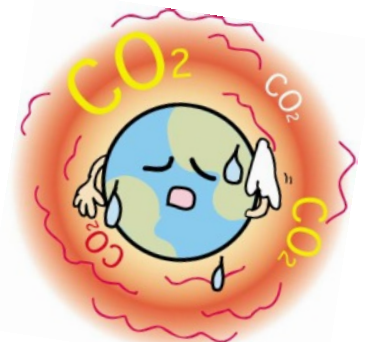

Since the 1700s humans have buried gases into the atmosphere. These gases have created a blanket around the earth creating greenhouse.

This blanket/greenhouse has then caused Global warming.

The earth is heating up. If we don't do anything about it, it would turn to serious problems like nature will die things will flood and ice will melt. What happens to the suns heat?

It gets stuck and a blanket is formed or a greenhouse effect is formed.

Were you a child growing up in the Second World War?

The Bulletin team, working with Hutton Cranswick WI and children from the primary school are looking to record experiences of villagers who grew up in the Second World War. If you grew up during this period and would be willing to share your experiences, then we are organising for a number of the older primary school children to help record your experiences. We are organising an afternoon tea in September at the WI Hall when the interviews will take place. Please get in touch with The Bulletin Team by calling us on 270187 and mention this article.
