OPEN GARDENS

Thanks to all who helped to make Open Gardens on 4 July such a success. We are indebted to those who opened their gardens, those who visited and the stalwart team of helpers.

St Peter's funds benefited by £2,445

Hello again, friends,

I finished last month by saying that I was looking forward to the end of 'lockdown'. By the time this is published, we will know whether all, or most restrictions have been lifted. I also stated that I hoped we would continue talking with those we met in the street. Never under-estimate the power of talking; it can be uplifting, encouraging, but it can be damaging, aimed at hurting someone.

Since the last Bulletin, we've probably been talking and meeting with more and more people as some restrictions have been lifted. When this Bulletin is delivered, our children will be looking forward to the end of the School Year. For some it will mean big changes such as a new school. Our young adults may be

continuing in education but somewhere different, or beginning work-related training. A new career may be looming and possibly a change in direction. We may need guidance from the people around us: parents, friends, teachers, employers.

We may be looking forward to a holiday, with family or friends. Exciting times, but also a little frightening?

I also said that Jesus was a people person. He chose 12 disciples to travel with him and they were together for about 3 years. They will have become friends. They travelled with him throughout Israel. As there were no cars, buses, trains or aeroplanes, their travel will have been on foot, except when crossing the Sea of Galilee. We know of one occasion when Jesus travelled on a donkey and that was when he entered Jerusalem for the last week of his life.

Jesus' conversations with his disciples and those he met on his journeys, whether he was healing or teaching, are recorded in the Four Gospels. His conversations were to help, to heal, to support, to teach, to show sympathy or empathy. He was never destructive in his words, even when betrayed by Judas!

Is it easier to be cruel than kind? To make someone cry or smile?

Words are mightier than the sword. Wars have started because of them.

As we hopefully look to a brighter future, we need to remember that being a 'people person' means caring about people and wanting what is best for them.

Love
Gwyneth.

LOCAL PLAN REVIEW

Our village needs more homes – where would you like them to be?

Williamsfield Developments proposed CRA-11 is a continuation of Williamsfield Road which delivers 2, 3 and 4 bed, high quality energy efficient, including affordable, homes the village needs.

The site is well located within easy walking distance to village facilities and does not affect the conservation area or local businesses. The site location mirrors Beech View in depth, it would not intrude into open countryside but would have a wildlife meadow at the end and improved surrounding landscaping providing natural enhancement. ERYC Highways Department have confirmed the site is “acceptable” and “not likely to have a detrimental impact on the local highway network”.

ERYC have determined that Hutton Cranswick’s draft housing requirement is at least 170 new houses over the plan period.

We believe this is the best location for new much needed homes in Cranswick and hope you can voice your support in the Local Plan consultation.

Thank you.

Short Stories by Year 6 Pupils

The Mysterious Door

In the dead of night a simple farmer was harvesting his crops until a huge bolt of lightning blinded the poor man. Soon after the lightning struck it was gone all that was there was a door. The man inspected the door and there was nothing behind it just a door.

The next day the farmer woke up but the first thing he did was check if the door was there and as like nothing it was there so he got the courage to open the door expecting the other side of his field. However as he opens the door his field was not there but a throne room and a lot of statues and a marbled floor.

Once he stood in the room, all of the floor lit up with bright colours and images of his life. The man was shocked as he ran back to the door he became scared but once he was at the door it turned into smoke thin air no trace. The man fell over and he saw all the colour started to turn black and the images starting to disappear.

The Mysterious Door

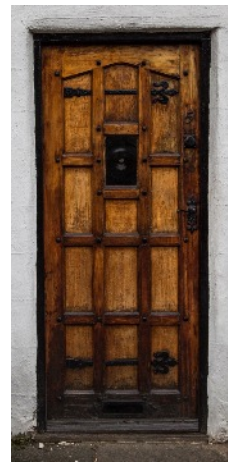

Once upon a time in a shadowy wood, there was legend of another worldly door that only a person pure of heart was able to open. The door was said to have been created by a powerful wizard and possessed powers that could manipulate time itself and could travel to the past, present and future. Alas no mortal has found the door ever since the wizard used it to travel to the future.

Our story is set in a town named Driffield and our hero...well... is a bit lazy shall we say." Link! Time for School," Mum yells from downstairs. "I'm coming, I'm coming" mumbled Link as he lazed about in bed. As Link got out of bed, he almost jumped out of his skin as it was 8:20, he had to leave at 8:30. He slinged his clothes on so quick, he almost wore his trousers on his head. "I got to go now!" exclaimed Link to his mum as he burst out of the door, hopped on his bike and went to meet with Teddy. (His best friend). "There you are" shouted Teddy, "I've been waiting for ages". They were just about to bike to school but a strange feeling called to them, a presence of some sort. All of a sudden, the dynamic duo started to hear big explosions in the distance. Link and Teddy immediately followed the sound of chaos and destruction. They soon reached the source, two old men in robes with magical staffs who

As the man stood up a light hit the throne but on the throne was a colour changing vase so the man started to zombie like walk to the vase. Once the man picked up the vase he was in a cloud of smoke and then turned to the place where it all began right next to the door in the field with the vase...

seemed to look like wizards. "Wizards?!" whispered as they watched the two battle for supremacy. After about 10 minutes, Link and Teddy learned that the two wizards were named Cursa and The Ancient One. Cursa was an evil wizard who was trying to twist the world into his own image and The Ancient One was the guardian of the world trying to protect the world from entities like Cursa. The Ancient One (AO) was able to banish Cursa to another dimension but just as he got pushed through, he grabbed a magical looking door. AO collapsed as he was drained of all his strength battling Cursa. "Dude, are you ok?" said Teddy as the two rushed down to help him. "What the heck was that thing and what was that thing he took?" AO whispered quietly, "That thing is the most powerful object in the universe!" To be continued...

Thoughts from Sledmere Manse - Driffield

Dear Friends,

As one of the songs by the sixties group The Carpenters says-

“The times they are a changing
Change, Change, Change.”

By the time this letter reaches you, a number of local changes will have taken place.

Diane and myself with ‘all’ our belongings (well those things that we brought with us – which seem to have grown) will have moved out of the manse on Kings Mill Road and, hopefully, back in to our house in Knaresborough (that is if our grandson hasn’t taken up residence!).

You would think that the church would give us a rest, but we have already been approached to take the lead role in the Yorkshire West Districts independent Safeguarding team.

Richard and Sue Teal will have picked up the reins in the Circuit after his year out as the President of the Methodist Conference. On his return he will have pastoral charge of Hutton Cranswick, The Wolds and Wetwang, as well as Driffield and Nafferton.

In all this change we have to say goodbye to friends we have made and associations that we have forged whilst at the same time looking forward to the new. All this change, all this moving can though be as stressful as bereavement. What then can be the benefit from all this?

This change, this moving though has a scriptural precedence.

Think of the Easter story. When Jesus died on the cross the disciples thought it was the end. Then on Easter Sunday when he rose again they thought that everything was going to get back to something like normal. Instead they were in for a bigger shock.

Instead of Jesus being with them in body he had to leave them and allow the Holy Spirit to be their new friend and companion. With this change came many benefits and opportunities for the disciples to take.

So it is for us, let these changes that are taking place be a Good Friday experience, for we all need to grieve for what is lost, for what has passed. But more importantly let us make it a Pentecostal experience? Let us allow the spirit of change blow through our lives and the life of the church and the life of the community. Look what happened at and after Pentecost!

Are you prepared for the same or similar dramatic events to happen in the life of your Church and community here in the Driffield and Hornsea Circuit?

Your Friend and Minister
Ron

Defibrillators in Hutton Cranswick

June saw the collapse of an international footballer in a very prominent way. He survived due to the speedy arrival of persons able to undertake CPR (cardiopulmonary resuscitation), and more importantly the use of a defibrillator.

The commonest cause of cardiac death in adults results from an electrical rhythm disturbance in the heart resulting in it being unable to pump properly and therefore supply the body with oxygen. If CPR is not undertaken quickly, the brain is starved of oxygen and in approximately three minutes the person dies.

CPR on its own will only prolong life, but the way to get the person back to a normal electrical rhythm, and save them, is to use a defibrillator.

The defibrillator is a device that provides an electric shock across the heart that 'reboots' the heart. Essentially stopping it and allowing it to restart in a normal rhythm. This worked spectacularly in the footballer scenario, and at the date of this article he is recovering nicely.

Several years ago, with the aid of the Hutton Cranswick Parish Council and some sponsorship, we were lucky enough to obtain two defibrillators:

The one on the White Horse pub wall (kindly hosted by the landlord), has been used several times, but unfortunately due to data protection, I do not know the outcomes.

The one on the wall of the SRA, to my knowledge has not been used, but remains

there to help with any incidents that might occur whilst individuals are undertaking sport on the ground.

How to access to defibrillators

Both defibrillators are in lockable cases which are warmed to keep them fully active even in the coldest winter. They are locked to prevent vandalism and prevent persons removing them inappropriately.

To access the defibrillators, all that is required is to call 999, as you would normally in an emergency.

Once the triage operator has assessed the situation, if deemed appropriate, you will be told to go to one of the

defibrillators (or send someone else) and be given a code to open the cabinet. Both work on a push button system: one mechanical, the other electric.

This method of obtaining the defibrillator has two benefits:

- An ambulance or first responder will be on the way to help you.
- A trained operator will help you use the machine.

Both machines have a similar format in that the case is opened up and you will see an array of buttons and some pads to place on the collapsed person's chest wall.

The cases are opened up, and they will both start talking to you and explain, carefully each step that you have to do (the SRA defibrillator has to have the on/off button pressed first): The person's chest is exposed to bare skin, cleaned of any water/sweat (if necessary) and the pads are placed on the skin at the places pointed out on the diagram on the pads.

The machine will then do its

work. If it tells you a shock is needed, you just stand away from the person and press the flashing button. That is all there is to it.

YOU CANNOT KILL SOMEONE BY GIVING THEM A SHOCK IN ERROR – THE MACHINE WILL NOT ALLOW IT.

You can, however, fail to get them back by not using the machine. Children in schools are taught to use these machines and they are getting more common.

They save lives

Summary

- If you see/witness a collapse and they are obviously unconscious, call 999. They will advise you what to do but mention if you are near one of the defibrillators. They will give you a code to unlock the case.
- If you know how to undertake CPR – do it. If you can, have someone else to get the defibrillator and carry on with the CPR.
- Remember CPR is a holding pattern, it does not bring someone back – defibrillators do.
- Become familiar as to where they are in the villages.

Once the Covid pandemic is more under control, we are hoping to get Yorkshire Air Ambulance to undertake a Defibrillator Familiarisation Course.

A (NONNY) MOUSE!

During the last few weeks sport and being active has featured highly on our programme. We've learnt new skills about how to look after our bikes and stay safe when out and about on the road as well as keeping fit. We like to thank *Revolution* for coming to help us with this by checking over and adjusting where needed everyone's bikes. And a thank you to all the parents who rode with us on our ride (I'm sure a few of them were ready for a sit down afterwards!). After learning Rounders' skills and the rules, it's also pleasing to report that both the Beavers and the Cubs beat the parent teams that played against them. With our active support team running and officiating the matches I'm sure they were won fair and square . ;-)

We should have finished the year with our wet night involving water games and no one leaving for home dry. However with a large number isolating, and not wanting to be the cause of any spoiled holiday plans for our members' families, we took the decision to finish a week early with face to face meetings and had a zoom meeting for the last night.

So our last face to face night was a high with a performance by Magic Mike which was enjoyed by all! During this we invested Tim Curtis, who joined us as a member of our 'Active Support'. Tim joined us with no previous Scouting background, just a desire to make a difference and have fun. We have also been joined by Becci Raisin who has moved to our Group from Beverley. Becci was previously a leader in Beverley and comes to us highly commended by our Scouting colleagues. We wish them both well in their new roles making a difference for young people in our village.

We have a waiting list for all sections for young people; email us on cranswickscouts@gmail.com to add your name to our lists!

We have no waiting lists for adults that want to join us, and this would also help reduce our young person list by having more adults to provide great activities!

On 1st August we celebrate our Scouting Birthday. We are creating a standing patrol camp from the 1960s on the Green. So you are all welcome to visit between midday and 4pm. (Before or after afternoon tea at Foreman's Garage.) (See dates for your diary for further details of the excellent afternoon tea.) It is also Yorkshire Day – so plenty of bunting!!

Have a great summer –

We believe in bringing people together to
enjoy fun, friendship and adventure in a
place they can belong.

News from Hutton Cranswick SRA

The SRA is pleased to announce the resumption of activities. Some organised events will start immediately, others will commence later in the Summer or in the Autumn. Please check the SRA events diary on the Hutton Cranswick website for further details. It will also be possible to book the SRA Hall for social events.

In line with Government recommendations, the SRA Committee requests that:

Outdoor space is used where possible, as good ventilation is a key factor in reducing risk.

Face coverings continue to be worn indoors, particularly in confined spaces such as kitchens and toilets, unless the nature of the activity makes this impracticable, for example for eating, drinking, singing or meetings where communication would be significantly impeded.

The 'hands, face, space' mantra is respected as far as possible, even though social distancing is no longer mandatory. Hand sanitisers should continue to be used and people should avoid unnecessary physical contact or crowding others'

personal space unless they are part of the same household.

Users of the SRA should continue to sign in for events using the Covid-19 app or pen-and-paper registration.

In deciding how rigorously to apply these recommendations, users of the SRA should respect the spirit of the Government guidelines, make informed decisions, act carefully and consider the impact of the possible continued spread of the virus, particularly amongst those who are not yet fully vaccinated or are vulnerable for other reasons.

If anyone would like further guidance on how to manage a particular event, please contact HuttonCranswickSRA@outlook.com for further information.

Seniors 'Youth Club'

It is intended to re-commence the weekly Seniors Youth Club in the SRA Clubhouse at the Sports Field in Rotsea Lane from Friday 23rd July onwards.

Hand sanitisers will continue to be available and all participants will be required to sign in for this social/active get-together either

using the Covid 19 app or pen and paper registration.

All Seniors welcome - no age restrictions. The Clubhouse will be open from 10.00 - 11.30 a.m. on Fridays and a nominal charge of £2 per person will be made. We look forward to welcoming you back to the SRA.

Have a Go Evening

The event originally scheduled for early July **will now take place on Friday 3rd September**. As well as a golden opportunity to try out new activities/sports, you will enjoy a pleasant evening of community fellowship and a hog roast (vegetarian options also available). Feel free to bring your own chairs/rugs/gazebos. Donations in aid of the SRA new building are welcome. Please book at Foreman's Garage or phone Janet on 270258.

All three units have been able to return to face to face meetings this term, as regulations have eased. It has been wonderful to be back with the girls rather than running meetings via Zoom, as we had been doing. We have only been able to meet outdoors, with our younger girls meeting in the school playground and the Guides doing activities around the village at Centenary Woods or on the Green.

Rainbows have been doing their First Aid Skills Builder badge this term – learning about first aid kits, dressing a cut, treating bites and also thinking about general wellbeing. Brownies gained their Butterfly challenge badge which involved lots of butterfly themed activities from making kites, decorating biscuits, bug hunts, making slime and looking after some caterpillars which turned into beautiful butterflies that were released on the green.

We have also had girls completing their Bronze awards and one Brownie has gained her Silver award – all great achievements.

Guides have been working on their camping skills, cooking, pitching tents and building shelters and completed some community service with a litter pick on the Green. They also gained their Get Active badge taking part in team sports, frisbee challenges and a sports night. We have enjoyed toasted marshmallows and hot chocolate and most importantly being back together as a unit, having fun and making memories.

This term we welcomed five new Rainbows, three Brownies and three Guides to our units. There are still a few places available in all three units – if you wish to register your daughter with a view to joining, please visit www.girlguiding.org.uk.

All three units meet on Tuesdays during term time at the following times:
Rainbows (aged 5-7) 4:45-5:45pm
Brownies (aged 7-10) 6:00-7:15pm
Guides (aged 10-14) 7:00-8:30pm

We also need volunteers to help at meetings in order to maintain our child/adult ratios particularly at Rainbows and Brownies. This could be either on just a rota basis of one or two meetings a term, or joining our unit team – could this be you? Contact Kathrine at hcainbows@gmail.com for further information. Volunteering is very rewarding and can be a great opportunity for you to develop your own skills and interests. All you need is enthusiasm and a willingness to have fun!

The Local Plan sets out planning policies for the area and is a key driver in determining planning applications and development opportunities in the East Riding. The current Local Plan was adopted in 2016. The council has reviewed this Plan and is now consulting on a draft update. This consultation is the second stage in reviewing the Local Plan, following an Options Document consultation and call for sites in 2018. Responses to this consultation will be considered and will help to finalise a revised 'pre-submission' Local Plan that will be consulted on and then submitted to the Secretary of State for examination.

**The closing date for responses is
Friday, 6 August 2021.**

All consultation documents are available to view on the council's website at:
