**Dr. Mario Phillip
(Founder &
Director)**

'Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.'
(Matt. 25:40 NIV)

Director's Corner

Greetings to all of you our faithful partners!

With over 8 months of 2022 completed, iCare so iShare International will like to express our gratitude to God for his leading. He has made it possible have many programs running concurrently through faithful partners like you.

In the last eight months we were able to:

- Launch a second primary school with forty-five students in Sheikhpura, Pakistan.
- Launch a farming program in Sheikhpura as a means of generating revenue to sustain the schools.
- Centre of Influence, Calcutta, India.

The following projects are still ongoing and we have new projects coming up:

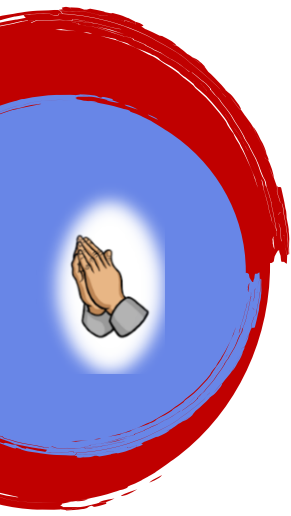

- ✓ A primary school of one hundred and five students, Khanewal, Pakistan.
- ✓ iCare so iShare International Orphanage, India.
- ✓ Good Samaritan Relief and Aid to the lepers, blind and widows, India.
- ✓ Young Dreams Projects in Zimbabwe, Kenya, Uganda.
- ✓ Young Dreams High School Dropout, Zimbabwe.
- ✓ Young Talk-Personal Hygiene Drive Campaign, Zimbabwe.
- ✓ Trauma and Mental Health Care Campaign, Zimbabwe.
- ✓ iCare so iShare Vocational Training Centre, Zimbabwe

Why not adopt all or one of these projects, and monthly partner with us. Let us do our part in brightening the corner where we are.

Yours Chief Servant in Ministry, Mario Phillip, PHD

Train up a child in the way he should go; even when he is old he will not depart from it.
Proverbs 22 vs 6

We are deeply humbled with the work at Sheikhpura where children continue to be impacted by the word of God. The word of God is light to our feet as it directs, guide and lead us. We believe that children deserve to know who their Savior is and Sabbath School in Sheikhpura is doing a great job to ensure that children are taught. We are encouraged to train up a child in the way he or she should go such that even when he or she is old will not depart from it. Praise the Lord!!!

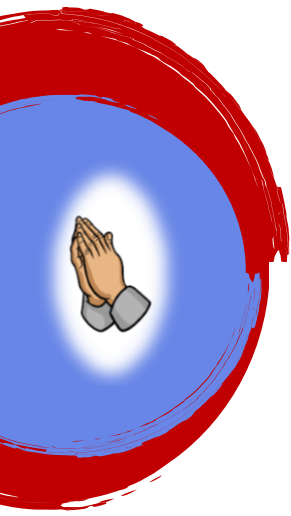

Sabbath School in Sheikhpura.

First Sabbath Worship. Praise God.

Teachers have three loves: love of learning, love of learners, and the love of bringing the first two loves together. We are delighted with the Professional Development event for teachers held in Pakistan.

I Care so I Share International is impacting the lives of many children in Pakistan. The commitment to the call of witnessing the transformation of children's lives witnessed the teachers being trained at our ICIS International School. Training of teachers is key in achieving our mission effectively and efficiently. As always is the Professional development training helps teachers to become better at planning their time and staying organized. This ultimately makes teachers more efficient and gives them extra time to focus on students rather than the paperwork which ultimately enhances school's performance. **Glory be to God!!!**

ICIS International School, Khanewal

We are thrilled with the Professional Development for the teachers at the ICIS International School in Khanewal. This is key for us as the sharpening of teachers support the delivery of even better services in our humanitarian work commitment.

I Care so I Share
celebrates being part of
Pakistan's history by
impacting the lives of many
through different projects.
**HAPPY 75TH
INDEPENDENCE**

ICIS International School celebrated the 75th Independence Day in Pakistan! On the 14th of August in 1947, Pakistan gained independence and became a sovereign nation. This public holiday also commemorates the deeds and legacies of Pakistan's founders.

Celebrations for Pakistan's Independence Day by the school was witnessed by different displays from children and the school teachers. Usually festivities such as parades, firework displays, patriotic concerts and award ceremonies are also held throughout the country as people celebrates their independence. We are happy to be part of this great history.

ICIS International School, Khanewal celebrates Pakistan Independence

We are delighted with an organized and vibrant independence celebrations held at our ICIS International School in Pakistan. The event was lit as children showcased their talent in different ways with joy and appreciation of their independence.

Timothy 4:12 — "Don't let anyone look down on you because you are young, but set an example for the believers in speech, in conduct, in love, in faith and in purity."

I Care so I Share thrives to responding to the great commission and practically sharing the love of God with those in need. This led to the Young-Talk campaign; a movement aimed at impacting lives of the young generation through sensitization programs. In Zimbabwe, challenges a girl child and or adolescents face include teenage pregnancy, sexually transmitted diseases including HIV, unsafe abortions, child marriage and lack of access to sexual and reproductive health information services. We are thrilled to have successfully impacted the lives of girls and with the need to even transform lives of the young generation I Care so I Share continues with this movement.

Young-Talk Zimbabwe

We are delighted to have hosted the Young-Talk Sensitization Program-Campaign in Epworth, Harare with more than 100 girls' participants. I Care so I Share international believes advocating for a just and protective environment for the young ones. We are thrilled to having invited 4 different organizations' tackling with us sensitive issues comprising Trauma and Mental Health Care, Say No to Girl Child Abuse, Career Guidance, and Peer Pressure Management among others. Many lives were impacted.

The Lord will send a blessing on your barns and on everything you put your hand to. The Lord your God will bless you in the land.
- Deuteronomy 28:8

We are thrilled to launch a Sunflower Seedling Project in Zimbabwe. It is one of our sustainability projects and we are delighted that this project is very promising. According to the researches the crop grows well in warm weather until maturity and our location is ideal for such a crop. Research conducted further denotes that the country's soils and climate can support the successful farming of sunflower.

We are anticipating to have higher returns on such an investment. The plan is to distribute the proceeds to already existing projects comprising Young Dreams Project, School Dropouts Project, Trauma and Mental Health Care Campaign, Young-Talk among others. You can support us through this initiative and we are aimed at producing a bumper harvest.

Sunflower Seedling Project in Zimbabwe

The above caption is the land issued to I Care so I Share International for the Sunflower Seedling Project. The space is quite large, with the Lord giving us the continued grace we wish to cultivate a reasonable acreage that can give us good returns. The land is situated on the western part of Zimbabwe in Sanyati Village approximately 260 Kilometers from the Capital City of Harare.

EMERGENCY APPEAL FOR INTERVENTION IN PAKISTAN -AMID FLOODS DISASTER

I Care so I Share International stretches hands out in helping out on the never-before-seen, deadly flooding in Pakistan has affected 33 million people and left one-third of the country underwater. Torrential monsoon rains have triggered the most severe flooding in Pakistan's recent history, washing away villages and leaving around 3.4 million children in need of assistance and at increased risk of waterborne diseases, drowning and malnutrition. Hundreds of thousands of homes have been destroyed, while many public health facilities, water systems and schools have been destroyed or damaged. By 9 September, more than 664,000 people were sheltering in displacement camps, with many lacking adequate shelter and access to adequate food, clean water and sanitation. Some major rivers have breached their banks and dams have overflowed, destroying homes, farms and critical infrastructure including roads, bridges, schools, hospitals and public health facilities.

I CARE SO I SHARE UGANDA - TOUCHING LIVES

I Care so I Share Uganda continue touching lives by serving the marginalized people in communities. One of the better ways to help the poor and needy people is to give them a hand up rather than a hand out. Giving them moral support, showing heartfelt humility and respect makes them aware that someone really does care about them and trying to improve their condition. We continue thriving to serve God by making a difference through sharing with those in need and transforming lives of people. Glory be to God!!!

DONATE ...
