Serving the sick

John 13:12-14 When he had finished washing their feet, he put on his clothes and returned to his place. "Do you understand what I have done for you?" he asked them. "You call me 'Teacher' and 'Lord,' and rightly so, for that is what I am. **Now that I, your Lord and Teacher, have washed your feet, you also should wash one another's feet.**

Touching lives....

I care so I Share assisted a semi-paralysed man (right caption) with juicy therapy and psychosocial support. It is in times of difficulties when people need our support. Any help stretched towards the needy no matter how big or small it is, makes a huge impact to the recipient. Carina is Sharing- **Share God's Love!!!**

There are many environmental issues in Kolkata, severely affecting its biophysical environment as well as human health. Air pollution, water pollution, garbage, and Pollution of the natural environment are prevalent in Kolkata. These also contributes to the deterioration of health for many people in the area especially the poor who cannot access proper medical attention.

The (caption on the right side) shows a mother of two (Pooja Valkimi) who got assistance from I care so I Share. The lady is fighting stomach cancer. I Care so I Share helped her by providing juicy therapy and psychosocial support in such a difficult time. We continue praying and hoping to assist many.

I Care so I Share took care of three caretakers who cater for the patients. The organisation provided financial assistance to the three ladies; who also hail from poor background; Sarah, Sylvia and Tebbeca. It takes a loving and caring heart to take of other people who are sick. Grateful for the wonderful work the ladies are doing.
