## DIRECTOR'S CORNER

**DR MARIO PHILLIP  
FOUNDER & DIRECTOR**

iCare so iShare International is a Christian charity that is aimed at bringing the love of Jesus and hope to the poor, vulnerable and disenfranchised places of this world. Our mandate is to **REACH** the world with love and kindness. There are still many areas of this world that are deprived of access to a better life or opportunities for empowerment. Even in the 21st century there are still many people including children and other vulnerable adults with little or no access to food, education, proper health care, and other basic amenities of life.

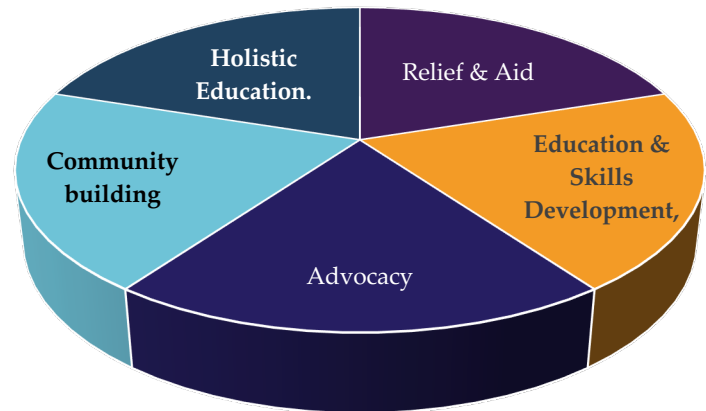

Thank you so much for partnering with us in ensuring that lives are impacted in different ways. We thank God for the projects in India, Kenya, Zimbabwe, Tanzania, Jamaica, Pakistan, Uganda, Philippines and Myanmar. There is more great need around the world and we are hopeful that we shall continue having an impact through your support as we partner to transform lives of many around the world. God bless you all and please continue praying for the projects.

**James 1:27 Religion that is pure and undefiled before God the Father is this: to visit orphans and widows in their affliction, and to keep oneself unstained from the world.**

## I CARE SO I SHARE INTERNATIONAL THEMATIC AREAS

### OUR THEMATIC AREAS

- Relief & Aid
- Education & Skills Development,
- Advocacy
- Community building
- Holistic Education.

***Come and join us in iCare so iShare International as together we change this world one life at a time. Our guiding ethos is based upon the words of Jesus in Matt 25:40 "truly, I say to you, as you did it to one of the least of these my brothers,6 you did it to me." (ESV)***

# ZIMBABWE

ICIS team with Village of Life Foundation at a possible sight to build a school in Harare, Zimbabwe

ICIS team with Village of Life Foundation at a possible sight to build a school in Sanyati Zimbabwe

John receiving a gift from a child in Sanyati

Education is not  
preparation for life;  
education is life itself.

I Care so I Share is thrilled with the visitation of Grant and John from Village of Life Foundation in Australia. The pair are part of the board for the organisation with a mission to provide educational structures for children who are not being afforded an opportunity to access education.

I Care so I Share shares the same orientation with Village of Life as one of ICIS's thematic areas is Education and Skills Development. Grant and John had wonderful time to touring two of the schools' lands for owned by I Care so I Share; one in the rural set-up and the other one in the urban area. The main agenda of the pair's visitation was to have a hands-on tour for a possible partnership. We. Continue praying and hoping that we shall be able to work together for the sake of orphans and vulnerable children who direly need our support.

During Grant and John's visitation; we had a wonderful fellowship together. We managed to impact the lives of the underprivileged through words of encouragement, prayer and sharing of food parcels. Provision of quality education in Zimbabwe towards the less privileged has been a cause of concern for ICIS over the years. We believe that every child deserves a chance or opportunity to realise his or her dreams. Our heart shade tears daily as we interact with orphaned and vulnerable kids with so much potential but not able to access education and other basic needs of life circumstances. Children are confronted with all forms of abuse instead, comprising physical abuse, emotional abuse, neglect and psychological abuse. The traumatic events witnessed when they are home are unbearable. Fragile support systems and unavailability of stable safety nets breaks our hearts deeply. We are committed and dedicated to making a difference in giving hope for a brighter future and self-reliant to all. Kindly pray for these children.

A group of children, guardians and community leaders in Sanyati and Village of Life Foundation visitors

# PROJECT'S IMPACT

**Enhanced Accessibility to school.** The establishment of Young Dreams International School will go a long way in helping the underprivileged children. The school will also help children to take care of themselves through sensitisation programs.

**Reduced School Absentees;** Some students used to be absent because of hunger. The level of poverty other children experience is very intense. We intend to provide the hot meals at the school to nourish the underprivileged and enhance their quality of life.

**Reduced School Dropouts;** A large number of children continue dropping out of school due to lack of tuition fees and school supplies. The establishment of a school will help the dropouts' through Out of School Program. We intend to reduce the number of school dropouts.

**Reduced Early Childhood Marriages;** Lack of access to education has been on the major cause of early marriages especially to girls. The school will give the disadvantaged an opportunity to shape their lives and to realise their dreams. Sensitization programs at the school will help shun social illnesses and vices.

**Matthew 25:35- For I was hungry, and you gave Me something to eat; I was thirsty, and you gave Me something to drink; I was a stranger, and you invited Me in;**

I Care so I Share project in Zimbabwe continue to impact the lives of people. We are thrilled that we continue providing sanitary wear to less privileged girls. We also manage to harvest sunflowers and used part of the funds to buy sewing machines currently being used for skills transfer in making diapers and reusable sanitary wear for girls. Our Young Dreams project continue advancing as well as the support towards school dropouts'. We continue providing Sensitisation programs on Drug Abuse, HIV /AIDS, Child Marriages and Trauma and Mental Health care through; Young-Talk; Girls-Talk; Building Men and The Priceless Campaigns. We are grateful for all the support and kindly find our prayer points.

## Prayers for Zimbabwe

- Construction of Young Dreams International School.
- Hot meal program for children in children's clubs
- Textbooks for students and school shoes for primary children.

## Challenges

- Exams fees for Grade 7 and Ordinary Level students.
- Biblical material and Sports material for children's clubs.
- Limited resources for sensitisation programs and resources to build the schools.

# INDIA

## Evangelistic campaign in India

We are delighted with the evangelism; we hosted in India. As a faith-based organisation; we value evangelism. Bible tells us that we are all sinful people in need of God's redemption (Romans 3:23). The consequence of our sin is death and eternal damnation (Revelation 21:8). There is nothing we can do apart from putting our faith in Jesus to save us from sin. We are dependent upon God's grace to save us (Ephesians 2:8-9).

When we share our faith with others it gives them an opportunity to hear about God's plan of salvation through his son, Jesus Christ (John 14:6). When we engage in evangelism we serve as a witness to the power of God (John 6:33) and introduce people to the one who can save us from our sin (John 3:16-17).

We are thrilled with the turn-up in India as a lot of people gave their lives to Jesus Christ. As we respond to the great commission remember;

***Matthew 28:19-20*** Go therefore and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, teaching them to observe all that I have commanded you. And behold, I am with you always, to the end of the age.

***Romans 1:16*** For I am not ashamed of the gospel, for it is the power of God for salvation to everyone who believes, to the Jew first and also to the Greek.

## UGANDA

**A group photo for both children and team member at Vine Yard Junior School.**

**Children receiving some education**

We are thrilled with the work in Uganda. We are currently impacting children's lives in different ways. We continue being oriented on equipping the children with the value of education mainly in technical services. ICIS thrives to make street children have something they do to reduce redundancy. Incorporating them elevates their standard of living. We continue motivating the orphans intrinsically and extrinsically as we help them realize their dreams. We are oriented to continue supporting Young Dreams project through tuition fees, school supplies and school uniforms. In as much as we are doing our best to make a difference; our hands are open for support. Glory be to God forever!

**Children receiving school supplies**

Our dear coordinators are doing their best to help children obtain some level of education. The goal to help the children have a brighter future. We believe every child has God given gift that needs to be nurtured and groomed. I Care so I Share is committed and dedicated to cultivating in the lives of orphans and vulnerable children. We hope and pray that many children will continue being mentored. We use a holistic approach as we also impact them with Christian Education, Sports and Recreation, Artistic Expression and Personal hygiene drive.

## PROJECT IMPACT – Testimonials' -Uganda

Kisakye Daisy is 9 years old. She is one of the beneficiaries. Being a victim of HIV/AIDS; her relatives pushed her away. Without support systems and safety net she found herself in the streets of Lugazi since she had nowhere to stay. Country coordinator 'located her by God's grace and she is being afforded an opportunity by I Care so I Share. Daisy shared that; she is grateful for the support and will try hard to have her life transformed. When she was integrated Daisy was illiterate. She could not write or read. We are grateful that now she can count numbers and follow through the alphabet. We continue striving to shape her future in every way possible.

Meet Natukunda Anitah a kind lady who helped Daisy have somewhere to put her head. She is a neighbor of Vine Yard Junior School in Lugazi where Daisy is currently attending school. 'I want take this gratitude to thank I Care so I Share for helping Daisy by enrolling her to school because she lost her both parents and she was kicked out from the house later on she was picked on street your organization She had nowhere to sleep I instead sheltered her. The challenge however, is that there is no mattress so we sleep down in sacks" Anitah shared.

Meet Ntale Enock the student from Vine Yard Junior School who is being assisted by I Care so I Share to attend school. 'Am a 7-year-old child who was given a golden chance to go to school after death of my beloved father. When my father passed on; my illiterate and underprivileged mother could not send me to school. I dropped out school with no hope until I Care so I Share located me. I am glad that I am now in school and my hope is to pass and take care of my impoverished mother' Enock shared. It is in these light moments we pray for the needy and support to fulfil dreams.

Meet Awanya Mercy; one of the children who was picked from the streets of Lugazi by I Care so I Share. Mercy experienced devastating traumatic events as she was susceptible to sexual abuse by her uncle at home often times. She escaped the hostile environment into the blood thirsty streets of Lugazi that always ensure that children are prone to societal illnesses and vices. I Care so I Share located her and she is now in school as she is working hard to shape her destiny. ' I am glad with the support , I am receiving. All I need is hope and safety' she shared with a voice of gratitude.

#### PRAYER POINTS

- **Physical Office where the organization will be based.**
  - **Financial support for projects.**
- **Land for sustainable projects of farming and poultry to yield more profits which can sustain both helping the orphans and streets child and the disabled.**
- **Skilled personnel for technical skills transfer to the children.**
  - **Children in school to do well academically**
- **For comfort and calmness' in the heart and mind of the underprivileged in light of adversities they are confronted with.**

PAKISTAN

**Food preparation in progress**

**Feeding of Orphans and Semi Orphans in Vidhya Niketan Orphanage and community outreach in Pakistan**

## **Feeding of Orphans and Semi Orphans in Vidhya Niketan Orphanage.**

While Pakistan is one of the richest countries in Asia, poverty in Pakistan is a fact of life for most of its people. The main cause of Pakistan's poverty rate is the fact that many Pakistanis lack basic human rights. Many Pakistanis, often women and children, are begging in the streets throughout their country.

Pakistan experienced a trifecta of challenges, as political unrest, an economic crisis, and destructive floods gripped the nation. Economically, the country is grappling with severe inflation, a declining currency, and critically low foreign reserves, posing significant concerns for its financial stability.

I Care so I Share thrives to make a difference as statistics shows that many people in the nation are hungry. Hunger is an epidemic that can easily be solved with resource distribution. We believe that hunger is not an issue of charity. It is an issue of justice. It is an eternal obligation toward the human being not to let him suffer from hunger when one has a chance of coming to his assistance. If we can conquer space, we can conquer childhood hunger. We continue working to providing hot meals and other food stuffs to the less privileged comprising the Orphans and Semi Orphans in VidhyaNiketan Orphanage

**People receiving meals**

I Care so I Share believe that accessing to food promoting balanced diet is crucial for all human beings. In Pakistan the less privileged are often times confronted with this phenomenon due to lack. Nutrition is a critical part of health and development. Better nutrition is related to improved infant, child and maternal health, stronger immune systems.

We believe that Nutrition is about eating a healthy and balanced diet. Food and drink provide the energy and nutrients you need to be healthy. Understanding these nutrition terms may make it easier for one to make better food choices.

God, wants us to have hearts that do this, that loves one another like; that see our brothers and sisters in Christ right around us, and far from us in need and respond to their cause.

***Matthew 25:40 NIV*** "The King will reply, 'Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me

## Prayer points

- Feeding of Orphans and Semi Orphans in Vidhya Niketan Orphanage.
- God to remember children at the orphanage in various ways.
  - Provision of material and food stuffs for community outreach.
- God to continue blessing the work in Pakistan and strengthen the coordinators and all volunteers.

KENYA

I Care So I Share team joined Umoja SDA Church Chaplains to visit and fellowship with Smile Children's Home and made donations of foodstuff, clothes, sanitary items, etc. It was indeed a joyful experience.

The children's home is constituted with children who are double orphaned and in deep poverty. I Care so I Share as usual had an opportunity to fellowship with them and encouraging them through the word of God. We are glad for having the privilege to connect with the children and caregivers more often. We are part of life transformation movement in Kenya. We continue supporting the Young Dreams project in the nation in different ways.

We are burdened with the lack of educational accessibility for the underprivileged in Kenya and our dream is to build a Young Dreams School that will be able to accommodate them. Education is key to self-development and later self-sustenance.

We also do offer sensitization programs on trending social illnesses to ensure that children under our care are empowered to make sound informed decision when making life choices.

## Prayer Points

- *Physical Office where the organization will be based.*
  - *Financial support for projects.*
- *Land for sustainable projects of farming and budling a school.*
- *Children in school to do well academically*
- *For comfort and calmness' in the heart and mind of the underprivileged in light of adversities they are confronted with.*

Bear one another's burdens, and so fulfill the law of Christ. –  
*Galatians 6:2*

**JAMAICA**

## Handover of cooling resources to a Home

I Care so I Share is delighted for making a positive impact in the lives of children at a Children's Home. Jamaica is currently experiencing hot weather so we decided we would give to the children home fans just to help them stay cool, including some care packages. The Health Department of Jamaica communicated with parents and guardians imploring them to take additional measures to protect children from excessive heat exposure as Jamaica continues to experience soaring temperatures. Rapid rises in heat gain due to hotter conditions affects the body's ability to regulate temperature.

It is unfortunate that it is not every child who is able to access the cooling material needed. Children are the most vulnerable hence are hit the hardest by such conditions. I Care so I Share is however, doing its best to make a difference. We continue praying for God stretched hands to continue impacting and transforming the lives of many underprivileged children in the nation.

# LET'S DONATE TO NEEDY PEOPLE FOR BETTER LIVES

We exist to make a difference in the lives of others, irrespective of their religion, race, or nationality through the mediums of Relief & Aid, Education & Skills Development, Advocacy, Community building, and Holistic Education.
