## Young Dreams Project-ZIMBABWE

ISSUE 1 | JULY 2022 | VOLUME 4 *..if you love me, feed my sheep..*

Through the Young Dreams Project, we are delighted to impacting the lives of sponsored children whilst enjoying the sunshine in Epworth. Big dreams, hopes and aspirations are always witnessed on the ground. Community members are applauding the work being done.....

**Matt 25:40 "truly, I say to you, as you did it to one of the least of these my brothers,6 you did it to me." (ESV)**

## YOUNG DREAMS PROJECT IMPACT

We are thrilled with the impact of I Care so I Share International on Young Dreams Project. Children are really improving their academic performance each time. We are delighted to have spending time with the children, teachers and other community members. We managed to reflect with the children issues to do with their aspirations and dreams in life. We continue molding them despite economic hardships and societal illnesses negatively impacting communities in Zimbabwe. We ensure that our Young Dreamers continue to dream, have high aspirations and keep on motivated to learn and be of good character with the right morals and values of life. The community is commending the job being done and we continue praying to even have more to other children who are not yet sponsored.

We are thrilled with the continued support towards children in Epworth Park. School fees, school supplies, school uniform and psychosocial support are key for them. Lets continue touching and impacting lives.

African patriarchal culture diminishes girls; I care so I share values education for all despite gender. Every girl or boy has the right to education, food , health care and clean water

## Map Work

Children had the opportunity to do mapping by recognizing and drawing essential things in their lives. Each child drew his or her face, home, school and church. The more essential tool which is the bible was already drawn by the facilitator. It is important that orphans and vulnerable children know important things in their lives. School and the bible are the most critical for development.

I care so I Share thrives to ensure access to education for all, including orphans and vulnerable children, through initiatives such as abolishing school fees, school supplies, school uniform and reducing other hidden costs and opportunity costs, establishing community networks, and monitoring progress; to manage the supply and ensure the quality of education by strengthening education management and information systems for the victims of HIV/AIDS and other otherwise affected children. It is every child's right to access such with respect and integrity

**We are change makers !!!**

**Change is the end result of all true learning.**

**'I am a winner and not a quitter. I am meant for good life. full of joy and happiness. God is with me and I can do all things. My background shall never determine my future because I am a dreamer'.**

I Care so I Share Coordinators, Guardian and a Young Dreams Teacher holding beyond me curriculum.

Despite circumstances of life, background, gender, ethnic group, or race one can transform his or her life.

Don't  
allow your  
wounds  
to turn  
you into  
a person  
you are  
not.

TRANSFORMING LIVES .....

Psalm 121:1-2, NIV I lift up my eyes to the mountains - where does my help come from? My help comes from the Lord, the Maker of heaven and earth.

iCare so iShare International is a Christian charity that is aimed at bringing the love of Jesus and hope to the poor, vulnerable and disenfranchised places of this world Our mandate is to REACH the world with love and kindness There are still many areas of this world that are deprived of access to a better life or opportunities for empowerment. Even in the 21st century there are still many people including children and other vulnerable adults with little or no access to food, education, proper health care, and other basic amenities of life. While we may not be able to physically meet all the needs that exist, everyone can become a part of transforming one life affected by this humanitarian crisis.
