The seminar

Materials (containers and kenzan) will be provided. You will need to bring your own working tools (secateurs, scissors, knife and others), as well as one 3-cell shippo and two 2-cell shippo, which you should pack in your hold luggage.

These tools must not be placed in your cabin baggage, nor may liquids over 100 ml, or they may be confiscated at check-in and destroyed.
It is also forbidden to bring plants into Guadeloupe, with or without soil, on pain of fines and destruction of the plants.

Your travel

Travel is at your own expense and will be by plane to Pointe-à-Pitre, Maryse Condé International Airport. You may choose between three airlines: Air Caraïbes, Air France and Corsair. Depending on the airline, you will depart from Paris-Orly or Paris-Charles de Gaulle.

The flight from Paris to Pointe-à-Pitre takes 7 to 8 hours, but you will arrive the same day. Regarding the time difference: 6 hours from April to September, 5 hours from October to March.

You will need to let us know your arrival and departure dates, and provide us with your flight numbers and arrival/departure times.
