ACCEPTANCE ISSUES IN THE TRANSITION TO RENEWABLE ENERGY

TOOL-BOX OF LAW-BASED INCENTIVES

Compensation Scheme

- Imposes an obligation on developers to compensate homeowners for loss of value to their dwellings

Acquisition option

- A right of homeowners to transfer ownership of property to the developer if the dwelling suffers a loss of value

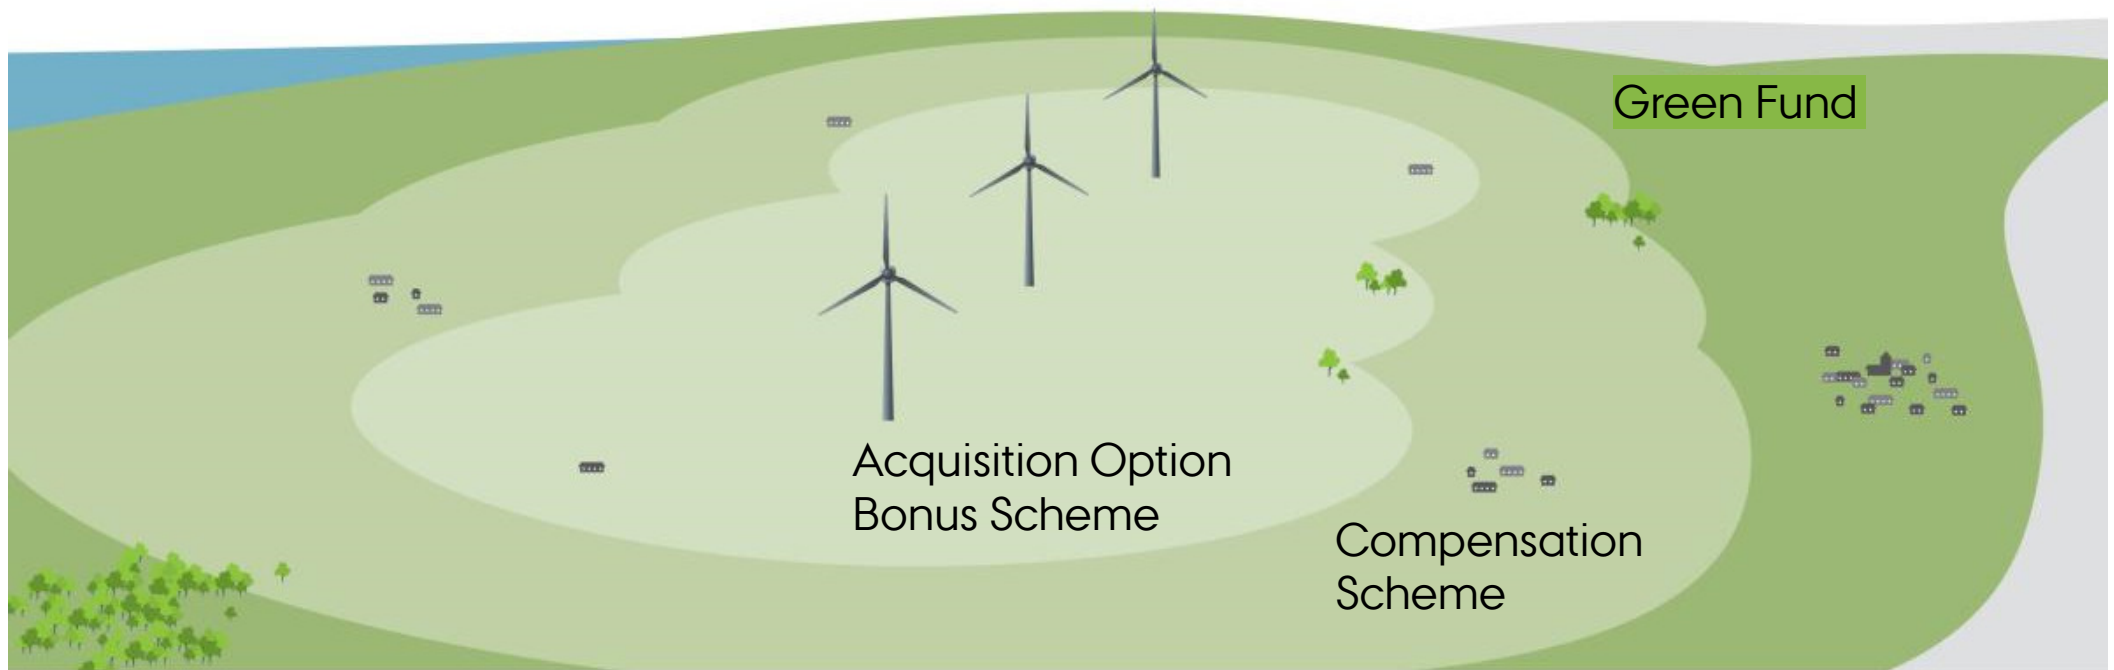

RE-Bonus Scheme

- Imposes an obligation on developers to pay an annual sum to the households closest to the RES

Green Fund

- Subsidy scheme to support local projects. Financed by developers paying a lump sum per MW installed

SCOPE OF THE LEGAL INSTRUMENTS

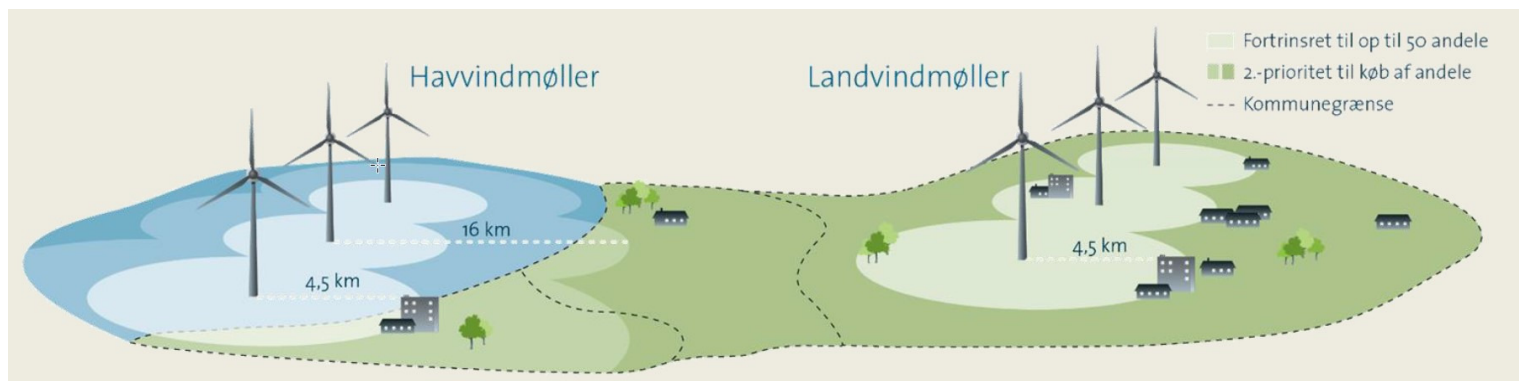

Energistyrelsen

ABANDONED LEGAL INSTRUMENTS

The co-ownership scheme (2009-2020)

- Imposed an obligation on developers to offer a minimum of 20 per cent ownership of RE-projects to local citizens
 - The co-ownership scheme was open to:
 - Citizens with residence in the municipality (or municipalities with a coast line within a 16 km from the nearest offshore wind turbine)
 - A preferential right to purchase 50 shares for citizens living less than 4.5 km from the site
