“EXCELLENCE THROUGH VERSATILITY”

**SPONSOR BOOKLET**

**October 15-16, 2021  
Hotel Le Plaza, Brussels, Belgium**

Dear Partners from the Medical and Pharmaceutical Industry,  
Dear Friends,

It is a real pleasure for us to invite you, on behalf of the Boards of the iLDLT and SHBPS of the RBSS , to the biennial iLDLT meeting which will take place on Friday October 15 and Saturday 16 2021 in Hotel Le Plaza in Brussels .

This event will be organized in collaboration with the Belgian Section of Hepato-Bilo-Pancreatic Surgery (BSHBPS) of the Royal Belgian Society for Surgery (RBSS). Indeed, the XXIst annual, Postgraduate Course of the BHBPS has been officially integrated in the iLDLT Congress.

The biennial iLDLT meeting follows the very successful previous ones, which took place twice in Seoul (S.Kr) and once in Dallas (US) and Kaohsiung (Tw). As the Western world still hesitates to embrace this therapeutic modality, the iDLTG council found it opportune to “export” the congress to Europe.

The program focuses on the spectacular technical advances that have been made during the last two decades in this field of transplantation as well as on the cross-fertilization between living donor liver transplantation and hepatobiliary surgery. The sessions dedicated to hepatobiliary oncology (eg. which patient to resect, which one to transplant) and to advanced liver surgery (e.g. in vivo and ex-vivo liver surgery) and modern surgical technology (e.g. laparoscopic and robotic liver surgery) clearly illustrate this idea. All lectures, including best of best video-lectures, will be given by national and international speakers. The addressed topics have been chosen in such a way that they will foster the interest of the non-transplant surgical community too. Younger colleagues will be able to present in two sessions the ten best abstracts. Allied Health Professionals, transplant coordinators, surgical scrub nurses and surgical nurses are also welcomed.

The congress aims at capturing the interest of both transplant and non-transplant communities in order to foster progress in the treatment of benign and malignant hepatobiliary diseases. These progresses are based on “versatility”, the key to be successful in complex surgical procedures and decision-making processes! The arching theme chosen for the 2021 meeting is therefore **“Excellence through versatility”**.

During this two-day meeting, many of the world’s most renowned Western and Eastern leaders in the fields of (living donor) liver transplantation and hepatobiliary surgery will raise the interest for, and the scientific content of this meeting. A unique opportunity not to miss!

The location of the meeting, Le Plaza Hotel, is easily accessible and offers to the medical and pharmaceutical industry a large exhibition hall allowing you to have easy contact with the surgical community in a friendly environment.

The iDLTG Council and the board of the BSHBPS are very confident that you will appreciate the location as well as design and content of the meeting.

Hoping to see you at the Brussels Le Plaza Hotel in October 2021.

We remain, very sincerely yours, also on behalf of the boards of the SHBPS of the RBSS and the iLDLT.

## THE 5<sup>th</sup> ILDLT Congress and the 21<sup>st</sup> PGC of the BSHBPS.

The 5th edition of the International Living Donor Liver Transplantation Group and the XXIst Postgraduate Course of the BSHBPS of the RBSS will take place in the heart of the capital of Europe, BRUSSELS LE PLAZA Hotel.

The pharmaceutical and medical industry are invited to share new medications, devices and therapeutics not only with the Belgian Surgical Community but also with the world-leaders in the fields of liver surgery and liver transplantation from both the Eastern and Western hemispheres.

The congress is organized by the boards and scientific committee of the iLDLTG and the SHBPS.

This unique meeting is endorsed by the most important learning societies in the fields of liver transplantation and liver surgery as well as by some foundations.

## CODE OF DEONTOLOGY BETWEEN iDLTG, BSHBPS and INDUSTRY.

The aims of the joined iDLT-BSHBPS meeting are as follows:

### EDUCATIONAL NEEDS

This meeting aims at continuously improving knowledge, skills and experience of surgeons in their different fields of expertise by raising the quality and attractivity of the program. The target audience for the meeting includes all professionals involved in clinical surgical care and research as well as all health care allied professionals involved in liver surgery and transplantation.

### EXPECTED OUTCOMES

- Inform the delegates about the latest trends in liver transplantation and advanced liver surgery.
- Discuss present and upcoming changes in these fields of surgery.
- Present expert work and selected topics for focused discussions guided and instructed by international and national key opinion leaders.
- Make more visible the role of surgery in daily clinical practice and research especially in the field of hepatobiliary oncology.

### PROMOTION OF ACTIVE LEARNING AND LEARNER ENGAGEMENT

A good organization is based on a close collaboration between the iDLT, the SHBPS of the RBSS and the medical and pharmaceutical industry. The success of this event is directly dependent of the investment of each part.

In order to have a smoothly running event, the following code of collaboration is proposed:

- a respect of the scientific meetings is mandatory; no other activity should be organized during the meeting
- during the Brussels City Hall Reception on Friday evening, all partners are welcome to participate to this event
- all booths have to be dismantled Saturday at 4 pm.

Adhesion to all these measures will guarantee respect between the many stakeholders involved in the meeting. We thank all partners for their understanding and cooperation.

## MCI PROFESSIONAL CONGRESS ORGANIZER (PCO)

Dear Partners,

The joined meeting, organized by the iDLTG and the BSHBPS of the Royal Belgian Society for Surgery (RBSS), is a unique opportunity for all surgeons, especially those practicing in Belgium and Europe, to exchange the most up-to-date information in the fields of advanced liver surgery and transplantation. It is also an opportunity to see and discuss with old friends as well as to meet younger colleagues.

This year, this biennial meeting will be located in Brussels, the heart of Europe, at Hotel Le Plaza. The arching theme of the meeting is: **“Excellence through versatility”**.

MCI has been honored with the task of the practical organization of the meeting. Our team will be there to assure that your involvement with this highly interesting meeting will be a success in all its facets. We feel very strongly that no medical congress can survive in time if this partnership is not carried by both sides.

As a Professional Congress Organizer, MCI's main task is to ensure that the iDLT—PGC BSHBPS meeting can be a catalyst for further contacts between the industry and the delegates.

With this sponsor brochure, we would like to start our cooperation and invite you to make a selection of the offered items that you would like to retain in your participation package.

We propose to invite you again to the congress location in Brussels in October 2021, so you will be able to see and feel the location for the Exhibition. If you have any questions concerning this sponsor brochure, the opportunities offered or concerning our company and how we can assist you, please feel free to contact us.

All information about the congress can be found on the website [www.ildlt2021.org](http://www.ildlt2021.org)

Looking forward to welcoming you to the combined iDLT meeting and the PGC in Brussels.

## PARTNERSHIP OPPORTUNITIES

### 1. EXHIBITION DURING THE JOINED ILDLT-PGC SHBPS CONGRESS

#### EXHIBITION AREA

The technical exhibition will be in the heart of the Congress venue and will be concentrated in the EXHIBITION HALL of Le Plaza Hotel (see floorplan below). The exhibition area is about 500sqm.

Exhibition space will be allocated on the basis of “naked space” and for practical reasons on the basis of “first come, first served”.

Every booth should have a **minimum exhibition space** of 3 square meters (3x1 m).

One table, two chairs and a connection to the electricity grid (220 V- 16A) will be foreseen as well as two exhibitor badges for the representatives of the company.

**Cost: 1.000 € per square meter (naked space) with a minimum of 3m<sup>2</sup>**

## **2. SCIENTIFIC PROGRAMME RELATED ITEMS**

### **2.1. Printed Matters**

Companies are invited to sponsor printed matters of the meeting and are invited to insert publicity in the Announcement and/or Program book (first come, first served).

**Cost:**

- *full page inside* **€ 1.000**
- *Inside covers (quadri)* **€ 1.200**
- *Backside cover* **€ 1.500**

The logos of the companies including, (if received from the company) a short text related to the company specificities will be included in the program book.

At every break, a slide containing logos of all participating companies will be projected.

The congress book agenda will contain all program information, including the abstracts of 10 best oral communications and information about the faculty, sponsors and general meeting information.

### **2.2. Speakers**

A number of prominent international speakers will be invited to give lectures. Companies can cover the costs of these speakers (flight ticket, hotel accommodation, registration, local transport, and speaker's dinner) or make their suggestions known to the organizing committee.

## **3. PROMOTIONAL POSSIBILITIES**

### **3.1. Congress bag insert**

Insertion of paper advertisements, documentation and/or presentation in the congress bag (maximum size: A4-format).

Please do not forget the "Green meeting" issues such as printing materials on recycled paper stock, using vegetable-based inks.

**Cost per insert: € 750**

### **3.2. Coffee/tea/refreshment Breaks**

Coffee/tea breaks will be continuously served in the Exhibition Hall and at the back of the meeting room. This sponsoring will be notified in the program book, loop ppt presentation and on the website.

**Cost: € 1.500 per coffee break**

### 3.3. Lunches

Walking sandwich lunches will be served in the Exhibition Hall and at the back of the meeting room. Companies are invited to sponsor the lunches.

The available lunch slots will be Friday and Saturday from 13h00 to 14h00.

This sponsoring will be notified in the program book, the loop ppt presentation and on the website.
