“A teacher mentioned two times about not appropriate political things during department orientation.”

“No welcoming event or city tour! I emailed ISS but sometimes they did not reply with adequate information.”

“In the entry building of the university, I saw the flag of many countries but Iran's flag was not taken there.”

“My tutor is an extremely racist person”

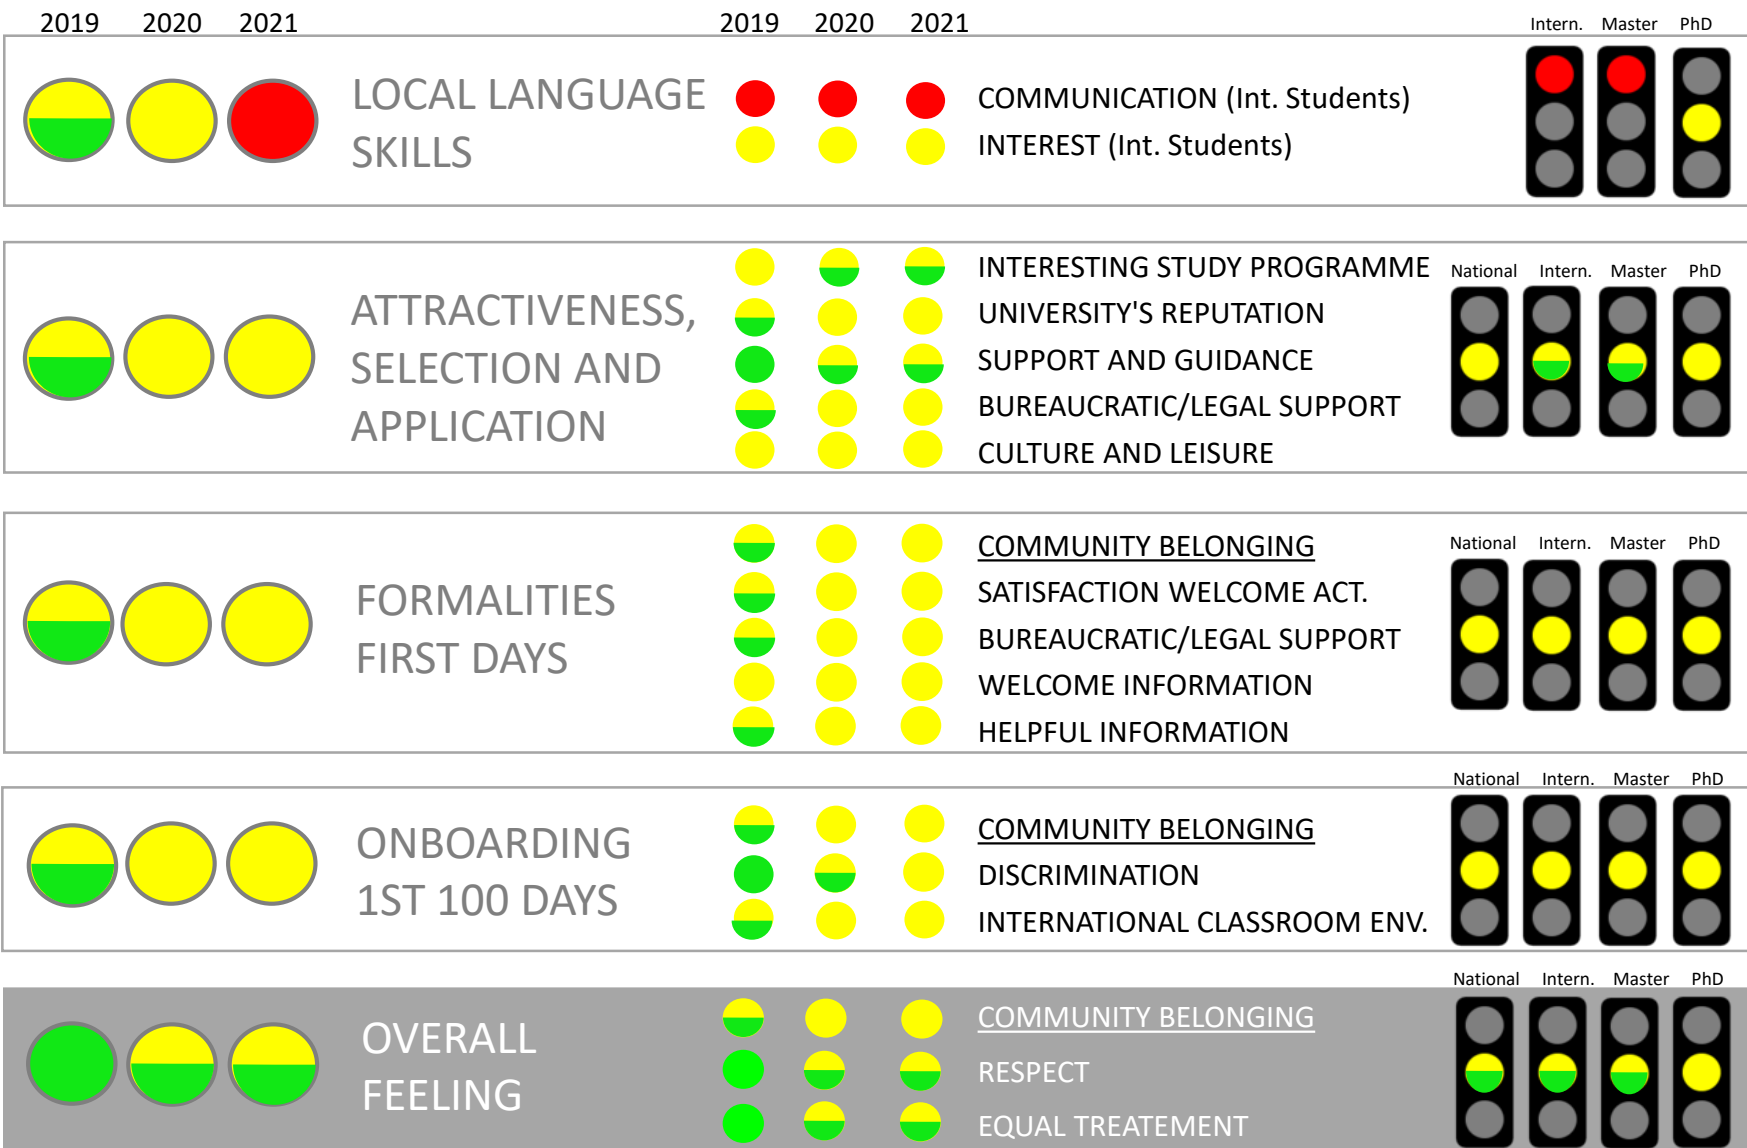

“People are not welcoming with international students and they prefer to speak in national language even though there are others who cannot speak the language yet. Most of the times teachers choose to speak national language in the breaks with students, not english.”

“It was somehow disappointed to see that most of the information papers and brochures in the international welcome days package was in national language even though my masters program is completely in English.”

“Locals made me feel that I was privileged to be part of EU project and excluded me from learning experiences (i.e., teaching assistance, language courses)”

“I couldn't access about some services discount due my age. And I felt discrimination about my Nationality”
