# **ISO 45001: Occupational Health and Safety Management Systems Lead Auditor – Training & Certification**

**ISO Certified Management Systems Consultants, Facilitators and Auditors**

# ISO 45001 Occupational Health & Safety

## What is ISO 45001?

ISO 45001 is a newly developed international standard, which outlines the requirements for occupational health and safety. The standard is applicable to organizations of all sizes, whose aim is to manage the prevention of workplace injuries, ill-health, and deaths. In addition, ISO 45001 aims to establish a safe working environment and continual improvement of occupational health and safety performance. ISO 45001 will replace OHSAS 18001 and will become the next “to go” standard for occupational health and safety.

## Why is Occupational Health and Safety Management important for you?

Regardless of what industry you are in, accidents that lead to injury or health related issues will always occur. Therefore, whether you are an employee, manager or business owner, you will always share the same goal- minimize the number of casualties at work. ISO 45001 provides you with a framework to identify, control and prevent work-related injuries.

By obtaining an ISO 45001 certification you will prove that you care about the well-being of employees and that you are continually making efforts to enhance their welfare. Furthermore, you will earn a globally recognized certificate on Occupational Health and Safety Management, which will prove that you are aware of the policies and processes needed to reduce work injuries. You will also gain a competitive advantage by improving your brand’s reputation and increasing your capacity.

## Benefits of ISO 45001 Occupational Health and Safety Management

By becoming ISO 45001 certified you will be able to:

- Reduce work-related injuries, ill -health and deaths
- Eliminate or minimize OH&S risks
- Improve OH&S performance and effectiveness
- Protect and improve brand reputation
- Transform operations from detection to prevention mode
- Improves compliance with current legislations

## How do I get started with ISO 45001 Training?

Numerous workplace accidents, which can jeopardize the health and safety of employees, frequently take place around the world. That is why our experts will guide you through the necessary steps to implement ISO 45001 within your organization.

# ISO 45001 Lead Auditor

## Why should you attend?

The PECB Certified ISO 45001 Lead Auditor training course helps in developing the necessary skillset to perform occupational health and safety management system (OH&S MS) audits by applying widely recognized audit principles, procedures, and methods. This training course has been developed to reflect the importance of an effective audit. It strengthens your knowledge and skills to plan and carry out an OH&S MS audit in compliance with the guidelines for auditing management systems provided in ISO 19011 and the certification process described in ISO/IEC 17021-1.

The exercises provided for this training course are designed to help you practice the most important aspects of an OH&S MS audit: ISO 45001 requirements, auditing principles, tools and techniques used to obtain evidence, leading a team of auditors, conducting interviews with auditees, reviewing documented information, drafting nonconformity reports, and preparing the final audit report.

On successful completion of the course, you are expected to write an exam. If you pass the exam, you can apply for the “PECB Certified ISO 45001 Lead Auditor” credential. An IAS certified and internationally recognized “PECB ISO 45001 Lead Auditor” certificate validates your professional capabilities and demonstrates your ability to audit an OH&S MS based on ISO 45001.

## Who should attend?

- Auditors interested in performing and leading OH&S MS certification audits
- Managers or consultants interested in advancing their knowledge of the OH&S MS audit process
- Internal auditors and individuals responsible for maintaining conformity to the requirements of ISO 45001
- Technical experts interested in preparing for an OH&S MS audit
- Expert advisors in occupational health and safety management

## Learning Objective

- Explain the fundamental concepts and principles of an occupational health and safety management system (OH&S MS) based on ISO 45001
- Interpret the ISO 45001 requirements for an OH&S MS from the perspective of an auditor
- Evaluate the OH&S MS conformity to ISO 45001 requirements, in accordance with the fundamental audit concepts and principles
- Plan, conduct, and close an ISO 45001 compliance audit, in accordance with ISO/IEC 17021-1 requirements, ISO 19011 guidelines, and other best practices of auditing
- Manage an ISO 45001 audit program

## Educational approach

This training course is participant centered and contains:

- Theories, best practices used in occupational health and safety management auditing
- Lecture sessions, which are illustrated with practical exercises based on a case study that includes role-playing and discussions
- Interactions, made between participants by means of questions and suggestions
- Quizzes, which are a simulation and preview of the certification exam

## Course Agenda

**Day 1:** Introduction to OH&S MS and ISO 45001

**Day 2:** Audit principles and the preparation for and initiation of an audit

**Day 3:** On-site audit activities

**Day 4:** Closing the audit

**Day 5:** Certification exam

## Examination

The PECB Certified ISO 45001 Lead Auditor exam fully meets the requirements of the PECB Examination and Certification Program (ECP).

It covers the following competency domains:

**Domain 1:** Fundamental principles and concepts of an occupational health and safety management system

**Domain 2:** ISO 45001 requirements for an OH&S MS – Clauses 4 to 10

**Domain 3:** Fundamental audit concepts and principles

**Domain 4:** Preparing for an ISO 45001 audit

**Domain 5:** Conducting an ISO 45001 audit

**Domain 6:** Closing an ISO 45001 audit

**Domain 7:** Managing an ISO 45001 audit program

## General Information

- Certification and examination fees are included in the price of the training course.
- PECB will provide over 450 pages of instructional materials containing explanations, guidance, and practical examples.
- A participation certificate of 31 CPD (Continuing Professional Development) credits will be issued.
- In case of exam failure, you can retake the exam within 12 months free of charge.

### NOTE:

This is an online training Programme where the participants will interact with the instructor in real time through videoconferencing and other online platforms. We will also support participants through other electronic communication platforms such as e-mails and bulletin board postings.

PECB KATE software will be used to enable participants electronically access all training materials, and they'll be able to write their exams online from the comfort of their offices or homes anywhere in the world through PECB Exams app.

## Our Expertise

### **About PECB – Our Partners**

PECB is a certification body for persons, management systems, and products on a wide range of international standards. As a global provider of training, examination, audit, and certification services, PECB offers its expertise on multiple fields, including but not limited to Information Security, IT, Business Continuity, Service Management, Quality Management Systems, Risk & Management, Health, Safety, and Environment.

We help professionals and organizations to show commitment and competence with internationally recognized standards by providing this assurance through the education, evaluation and certification against rigorous, internationally recognized competence requirements. Our mission is to provide our clients comprehensive services that inspire trust, continual improvement, demonstrate recognition, and benefit society as a whole.

### **About International Network for Corporate Social Responsibility (IN-CSR)**

International Network for Corporate Social Responsibility (IN-CSR) is an international team of Corporate Sustainability and Responsibility (CS&R) Consultants and Auditors working to promote best practices in Sub-Saharan Africa. We are registered as a non-Governmental Organisation in Nigeria (No 99264) and a certified training partner with PECB Group Inc a certification body which provides education and certification under ISO/IEC 17024 for individuals, products, services, processes and organizations on a wide range of disciplines.

We are one of Africa's leading Social Responsibility and Corporate Sustainability Consultants focusing on actual implementation of management processes and procedure – SR GAP Analysis, design of implementation tools, Stakeholder Engagement and Management, Measurement and Evaluation, Training on global standards and Awareness creation, Support with audits and third-party certification when required, and continual improvement processes.

IN-CSR is certified by the Federal Ministry of Environment and other related agencies to provide Consultancy Services on Environmental and Social issues including Baseline/Post Impact Studies & Compliance Monitoring and Audit, Waste Management Technology, Engineering Oil & Gas Pollution Control & Remediation.

We have over the years provided industry leading consulting and training programs in support of our various advocacy campaigns and more importantly to support the private sector in building sustainable businesses. IN-CSR is the foremost ISO 26000 Social Responsibility and ISO 20400 Sustainable Procurement and Supply Chain Management certified consultants in Sub Saharan Africa and are also experts in a number of other standards such as – ISO 45001, ISO 9001, ISO 22301, ISO14000, ISO 31000, ISO 37101 and ISO 37301 and guidelines such as the Extractive Industry

Transparency Initiative (EITI), the G20 High Level Principles, International Finance Corporation (IFC) Guidelines, the World Bank Good Practice Guidelines, Africa Finance Corporation (AFC Guidelines), the Consumer Protection Framework, the Governance Code, the Nigerian Stock Exchange Sustainability Disclosure Guidelines, as well as international standards – SAI Standards, IEMA and SA 8000 Platforms. Our management audits are benchmarked on world’s most accepted sustainability auditing platforms – SA 8000, ISO 14001, ISO 26000 and 45001 while sustainability reports are usually based on GRI Standards except when specifically required on other platforms.

IN-CSR was in 2019 appointed by the National Human Rights Commission of Nigeria to lead the review of the National Action Plan (NAP) on Business and Human Rights working in partnership with the senior management of Nigerian Stock Exchange (NSE), key stakeholders of the Organized Private Sector (OPS) and Judges from the National Industrial Court of Nigeria (NICN). We have also continued to participate at the annual Conference of Experts on Public Administration (CEPA), held at the United Nations Head Quarters in New York, contributing to global public governance, and was recognized by Prof Louis Meuleman of the United Nations in his book titled “Public Management and the Metagovernance of Hierarchies, Networks and Markets for this. In the past two years, we have participated as only civil society member from Sub Saharan Africa of the Working Group on Cross Border Cartels at the United Nations Conference on Trade and Development (UNCTAD).

In 2021, we trained high-level delegates from the National Information Technology Development Agency (NITDA) on Digital Responsibility and Telecommunications.

In 2022, IN-CSR successfully completed Environmental Audits on over 90 branches of select commercial banks in Nigeria in fulfilment of NESREA regulatory requirements. Our team has also completed full integration of ISO 26000 Social Responsibility Guidance Standard in two global companies – IHS Nigeria Plc and Seplat Energy Plc - both of which involved extensive stakeholder identification, mapping, prioritization, and engagement.

**Our Values are:** Integrity, Professionalism and Fairness. Further detailed information can be found on our webpage <https://www.incsr.org/about-us/>
