

Flammable material
or high temperature

Oxidant material

Pressurized cylinder

Explosive material

Radioactive
material

Electrostatic
sensitive
device

Non-ionising
radiation

Strong magnetic
field

Electricity
hazard

Electrical
grounding

Laser beam

Arc flash
hazard

Hot surface

Harmful or
Irritant material

Low temperature/
Freezing conditions

Toxic material

Biological
hazard

Substance
Health Hazard

Counter rotating rollers

Automatic start-up

Danger of death

General danger.
Asbest.

Corrosive material

Overhead load

Crush hazard

High noise levels

Sharp objects

Low ceiling

Explosive atmosphere

Environmental hazard

Hand injury in press

Battery charging area

Warning rapid movement of workpiece in press brake

Crush hazard.
Mind your hands

Risk of asphyxiation

Remotely operated machinery may move without warning

Falling into water when
stepping on or off a
floating surface

Barbed wire

Risk of overturning
during rolling

Warning falling
objects

Welding flash

Fragile roof

High pressure

Sudden
drop

Slippery
surface

Unstable
cliff edge

Hazards in
collaborative
robotic area

Step down

Floor-level
obstacle

Forklift trucks
and other
industrial vehicles

Strong current

Sudden
underwater
drop

Body
crush

Explosive

Flammable

Oxidising

Gas under pressure

Corrosive

Acute toxicity

Health
hazard

Long-term
health hazard

Environmental
Hazard

Fire
extinguisher
