

LCM3-27

Multisplit Air Heat Pump LCM3-27

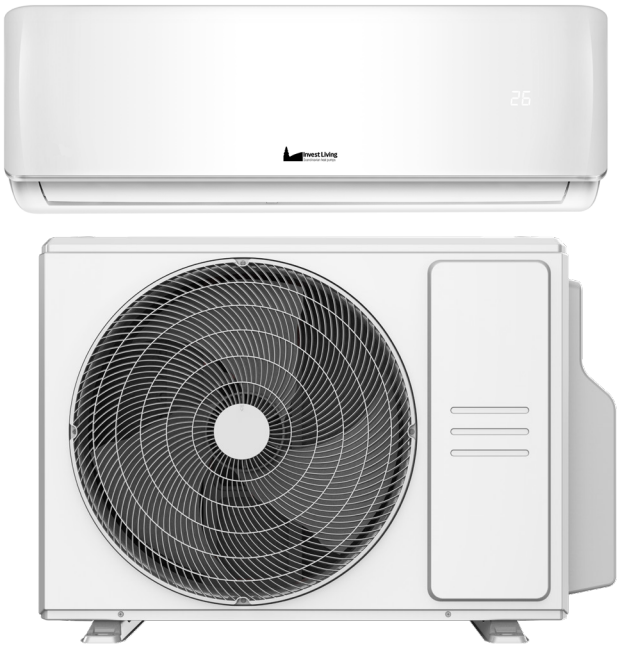

For commercial use

With the LCM3-27 outdoor unit, you can connect up to three inner parts from the MSA compact series in different combinations, such as three MSA-09c, two MSA-12c or two MSA09c and one MSA-12c.

This is perfect in an office environment or when you want to cool or heat two or three floors at the same time and can be both a stylish, efficient and affordable solution in the right place.

Despite its relatively compact size, the outdoor unit delivers up to about 10 kW distributed among the inner parts that are switched on, which allows for many different solutions.

Contact us or your dealer for more information about how LCM3-27 can solve the indoor climate in your property!

LCM3-27

Remote control with WIFI

Control your new Invest Living MSA heat pump via WiFi. Our latest WiFi interface with control via app, makes it possible to control your heat pump, whether you are out on the move or at home on the sofa.

Nordic design

Our heat pumps are developed for the Nordic market and have heating coils around the compressor and in the bottom tray, this to help in colder climates.

Product specification

LCM3-27		
Voltage	V / F / Hz	220-240 / 1 / 50
Max Power	A	16
Energy class		A+
Heat		
Capacity of the max.	kW	10,2
Heat output	kW	8,8 (1,6~10,2)
Input	W	2400 (277~3200)
Current	A	16
SCOP	Nominal	4.0
Cooling		
Cooling effect	kW	
Input	W	2599 (130~3340)
Current	A	10,9 (1,26~14,64)
SEER	Nominal	7.0
Indoor unit		
Dimensions / Weight (mm/kg)	W x D x H	722x187x290 / 7,2
Sound pressure level	dB (Hi / Mi / Lo)	39/32/26 SPL
Airflow	m3/h (Hi / Mi / Lo)	416/309/230
Temperature setting	°C	17~30 (Freeze Protection 8 °C)
Outdoor unit		
Dimensions / Weight (mm/kg)	W x D x H	890x342x750 / 48
Sound pressure level	dB	58
Airflow	m3/h	3800
Compressor/Type		GMCC / Rotary
Cologne / Games	Type / Kg	R32 / 1,85
Operating area Heating	°C	-25 to 24
Operating area Cooling	°C	-20 to 50
Pipe connection	Inch	3x Ø 6.35 (1/4˝) / Ø 9.52 (3/8˝)
