

Air to Air Heat Pump MSX-15

Our top model

Built for real winter

The MSX-15 is our very best heat pump when it's really cold outside and is adapted for harsh Nordic climates, down to -35.

High efficiency

With a SCOP value of 5.1, the MSX-15 saves more energy and money than the average heat pump.

Powerful but customizable

The heat pump delivers a range between 0.75 and 7.2 kW maximum heat output, which means that it can handle more than most heat pumps of its size, while the efficient compressor is able to work at low revs when the need is low.

MSX-15

Twin-rotary compressor

Thanks to the twin-rotary compressor, the heat pump vibrates less than usual, which contributes to a lower noise level. This modern compressor is also one of the reasons why the heat pump is one of the most efficient models on the market at low outdoor temperatures.

WiFi-compatible

The MSX-15 is easily supplemented with efficient WiFi control that is controlled via the NethomePlus app, which is available on both iPhone and Android phones.

Maintenance heat 8 and 12 degrees

The heat pump has an upgraded and efficient maintenance heat that can be set to both 8 and 12 degrees.8 och 12 grader.

Product specification

MSX-15		
Voltage	V / F / Hz	220-240 / 1 / 50
Max Power	A	13
Energy class		A+++
Heat		
Capacity of the max.	Kw	7,2
Heat output	Kw	3,8 (0,75~7,2)
Input	W	772 (104~2625)
Power	A	3,36 (0,45~11,4)
SCOP	Nominal	5,1
Cooling		
Cooling effect	Kw	3,5 (1,03~4,8)
Input	W	748 (102~1955)
Power	A	3,25 (0,4~8,5)
SEER	Nominal	9,2
Indoor unit		
Dimensions / Weight (mm/kg)	W x D x H	895x248x298 / 12,6
Sound pressure level	dB (Hi / Mi / Lo / Si)	42,5/35/22/20
Airflow	m3/h (Hi / Mi / Lo)	548/489/383
Temperature setting	°C	16~30 (Maintenance heat 8 & 12 °C)
Outdoor unit		
Dimensions / Weight (mm/kg)	W x D x H	805x330x554 / 35,2
Sound pressure level	dB	56
Airflow	m3/h	2350
Compressor/Type		GMCC / Twin Rotary
Refrigerant / Quantity	Type / Kg	R32 / 1,1
Operating area Heating	°C	-30 to 30
Operating area Cooling	°C	-15 to 50
Pipe connection	Inch	1/4" / 3/8"
