

DAVID KNIGHT

IT SUPPORT PROFESSIONAL

ABOUT ME

A dynamic and results driven IT support professional who excels in customer facing environments and engaging with end users to deliver high levels of technical support and continuity of service. Adept at trouble shooting and solutions management with a proactive and calm approach to achieving challenging targets. Adaptable across multiple systems, technologies and cloud based services with the ability to deliver end user learning and mentor staff. Currently seeking a new permanent or contract opportunity.

EXPERIENCE

Jul7 2020 - Oct 2020 | **Google to Microsoft Migration - Dr Martens**

- Remediation of Google Drive to OneDrive migration issues in testing
- Remediation of Google Docs to Office Docs formatting issues (as Office is installed on all users, we are encouraging the Working group to start fully using Office so we can test the full extent of opening Google docs in Office)
- Creation of a common issues guide that we can publish on later Migration batches
- Post Migration Support (OneDrive, Email, Forms) and formatting support
- Password Reset ability (taking the load of the helpdesk with delegated admin)
- Triage of all Migration support calls
- View and contribute to a dedicated Teams space for specific Google /Microsoft Support issues
- View and contribute to shared Email account that will be communicated out to the business

June 2020 | **Microsoft Teams Facilitator - Cloudy Group Bristol**

- 1 week remote contract facilitating Microsoft Teams offering Microsoft 365 1st & 2nd line support and hardware troubleshooting

June 2020 | **Desktop Support Specialist - Admiral Group Plc**

- 3 day remote contract providing phone based 1st Line Activities including diagnostics, logging incidents and covering Windows 10, Microsoft Office Suite and Office 365

April 20 – Current | **NHS First Responder (Volunteer)**

Helping the NHS deliver supplies during the coronavirus pandemic.

Feb 20 – Mar20 | **Contractor - Healthcare Computing**

- Migrating desktops from a local domain to a hosted domain in GP practices in Gloucestershire
- Maintaining strong relationships with customers while executing desktop/laptop projects.

Jan 20 – Feb 20 | **Contractor - Thornbury Nursing Services**

- Short term contract managing Windows 10 roll-out of new computers while ensuring continuity of end user service
- Employing Windows Deployment Services (WDS) to build PCs.

Oct 19 – Dec 19 | **Contractor - Arval BNP Paribas Group**

- Providing technical support for Windows 7 and Windows 10 roll-out whilst supporting over 1,000 customers
- Troubleshooting of end user issues, deployment of hardware and application installations
- Troubleshooting and diagnosis Windows 7/Office 2010 incidents raised via Remedy ticketing system
