

Who is the Charity?

The ***Casa delle Donne contro la Violenza*** was founded in Modena in 1990 to support women who are victims of violence, are in a domestic or sex trafficking/work environment and wish to change their situation. All the services of the *Casa delle Donne contro la Violenza* aim to address gender inequalities and empowering women to take control of their lives.

In particular, the charity gala 2018 will support **the project *Sostegno della Maternità*** that aims to enable women in situations of domestic violence and/or separation to better support their own children. It offers women who have endured violence the support of a psychologist who helps them address issues related to their maternal role in these situations. The project also offers babysitting services for times when the women have appointments for job and house searches while they are trying to make a new life with their kids.

How Can You Help?

There are two ways in which you can help. In both cases, the entire proceeds go directly to *Casa delle Donne*. You can:

- Donate a product or service for the auction
- Sponsor the event with a monetary contribution

Depending on the estimated market price or the actual amount donated, there are different levels of marketing benefits to you and your business:
