# iriSound

## - intelligent intercom

Engineered to perform in even the toughest environments, the iriSound Intelligent intercom is packed with advanced technology that ensures you can effortlessly communicate with your teammates, loud and clear - allowing you to focus on what you do best - getting the job done.

Additional user features can be controlled by the iriSelect control unit. (optional extra)

### The iriSound System - the obvious choice for mission critical situations

-  **FULL DUPLEX INTERCOM**
-  **DSP / AVAD SOFTWARE**
-  **REMOTE PPT RADIOS**
-  **WIRED / WIRELESS HEADSETS**
-  **RUGGED AND WATERPROOF**

#### OPTIONS:

- Group selections
- Multiple external radio interfacing
- Audio recording
- Hailer integration

## Superior sound quality

The heart of the intelligent intercom is the iriSound unit itself, combining a DSP controlled mixer unit with audio from user headsets and external radios. No compromise, high quality components, advanced technology in a rugged and waterproof design, gives you a professional and reliable platform. Packed with advanced features such as noise compression, automatic squelch levels and high-end military grade noise cancelling microphones, ensures you no longer miss out on vital communication. We have made the iriSound ready to go - right out of the box - so you're good to go.

## Configurations

The iriSound Intelligent Intercom system is modular and scalable giving you the freedom to expand your setup when needed. You can start with a few users on either wired or wireless headsets in a closed intercom system. If you needs exceeds more than 10 audio channels, simply connect more iriSound units to the system. iriSound supports multiple external radios, audio recorders, external hailers, user defined grids and more.

#### Professional support

Our qualified technical staff are ready to help you, should you have any questions.

## Competitive prices

You will find that not only is iriSound a state-of-the-art professional intercom solution, but it's also very competitively priced. Check with your local dealer.
