

Evidence-based ICM for the Prevention and Treatment of Major Common Diseases

TCM drugs for disease prevention

- Tongxinluo for the **secondary prevention of atherosclerotic disease**: a systematic review and meta-analysis of randomised clinical trials. (Feng Y, et al. *Brain Behav.* 2026;16:e71232).
- Jinlida for **diabetes prevention** in impaired glucose tolerance and multiple metabolic abnormalities: The FOCUS randomised clinical trial (Ji H et al. *JAMA Intern Med* 2024; 184:727-35).
- Effects of ginseng berry saponins from panax ginseng on glucose metabolism of patients with **prediabetes**: A randomised, double-blinded, placebo-controlled, crossover trial. (Gao J et al. *Phytomedicine* 2024;132:155842).
- **Atrial tachyarrhythmia prevention** by Shensong Yangxin after catheter ablation for persistent atrial fibrillation: the SS-AFRF trial (Huang H et al. *Eur Heart J* 2024;45:4305-14).
- Entecavir plus Biejia-Ruangan compound **reduces the risk of hepatocellular carcinoma** in Chinese patients with chronic hepatitis B (Ji D et al. *J Hepatol* 2022;77:1515).

TCM drugs for treating heart diseases and stroke

- **Coronary atherosclerotic plaque intervention** with Tongxinluo capsule (TXL-CAP): a multicenter, randomised, double-blind and placebo-controlled study (Ni M, et al. *Signal Transduct Target Ther.* 2026;11:72).
- **Heart failure** (*Nat Med* 2024; *JACC* 2013):
 - The traditional Chinese medicine Qiliqiangxin in heart failure with reduced ejection fraction: a randomised, double-blind, placebo-controlled trial. (Cheang I et al. *Nat Med* 2024; 30:2295-302).
 - A multicenter, randomised, double-blind, parallel-group, placebo-controlled study of the effects of qili qiangxin capsules in patients with chronic heart failure (Li X et al. *J Am Coll Cardiol.* 2013;62:1065-72).
- **Acute myocardial infarction** and **coronary heart disease** (*JAMA* 2023; *Phytomedicine* 2024 ×2)
 - Traditional Chinese medicine compound (Tongxinluo) and clinical outcomes of patients with acute myocardial infarction: The CTS-AMI randomised clinical trial. (Yang Y et al. *JAMA* 2023;330:1534-45).
 - A multicenter, randomised, double-blind, placebo-controlled trial to evaluate the effect of Tongmai Yangxin pill on ventricular remodelling in acute anterior STEMI patients after primary PCI. (Wang Y et al. *Phytomedicine* 2024;135:156133).
 - Efficacy and safety of yangxinshi versus trimetazidine on exercise tolerance in patients with coronary heart disease after percutaneous coronary intervention: Multicenter, double-blind clinical trial (Li Y et al. *Phytomedicine* 2024;135:156198).
- **Acute ischaemic stroke**: Tongxinluo and functional outcomes among patients with acute ischemic stroke: a randomised clinical trial (Dong Y, et al. *JAMA Netw Open* 2024;7:e2433463).

TCM drugs for diabetes, diabetic kidney disease and other chronic kidney disease

- The clinical efficacy of Gegen Qinlian Decoction in treating **type 2 diabetes** is positively correlated with the dose of coptidis rhizoma: three randomised, double-blind, dose-parallel controlled clinical trials. (Kang X et al. *Drug Des Devel Ther* 2024;18:5573-82).

- Randomised controlled clinical trial of Shenzhuo Formula in the treatment of macroalbuminuria in **diabetic kidney disease** and its inflammation-modulating mechanisms. (Wang A, et al. *Precis Clin Med.* 2025;8:pbaf031).
- Chinese herbal medicine (Tangshen Formula) formula treatment of patients with **diabetic kidney disease**: a systematic review and meta-analysis. (Zhao P, et al. *Front Endocrinol (Lausanne).* 2025;16:1522759).
- Add-on astragalus in **type 2 diabetes** and **chronic kidney disease**: A multi-center, assessor-blind, randomised controlled trial (Chan KW et al. *Phytomedicine* 2024;130:155457).
- Add-on rehmannia-6-based chinese medicine in **type 2 diabetes** and **CKD**: A multicenter randomised controlled trial (Chan KW et al. *Clin J Am Soc Nephrol* 2023;18:1163-74).
- Efficacy of combined abelmoschus manihot and irbesartan for reduction of albuminuria in patients with **type 2 diabetes and diabetic kidney disease**: a multicenter randomised double-blind parallel controlled clinical trial (Zhao J et al. *Diabetes Care.* 2022;45:e113-5).
- Bupi Yishen Formula Versus Losartan for **Non-Diabetic Stage 4 Chronic Kidney Disease**: A Randomized Controlled Trial. (Mao W, et al. *Front Pharmacol.* 2021;11:627185).

TCM drugs for cancer and other major unmet medical needs

- Chinese herbal medicine (JianPi-BuShen) and completion rate of adjuvant chemotherapy for patients with stage II and III **colon cancer**: A randomized clinical trial. (Sun L et al. *Eur J Cancer.* 2024;213:115109).
- Effectiveness and safety of Sanhan Huashi granules versus nirmatrelvir-ritonavir in adult patients with **COVID-19**: A randomised, open-label, multicenter trial. (Zou X et al. *Sci Bull (Beijing).* 2024;69:1954-63).
- Effects of Lianhuaqingwen Capsules in adults with mild-to-moderate **COVID-19**: an international, multicenter, double-blind, randomised controlled trial. (Zheng JP et al. *Virol J* 2023;20:277).
- Xiaoyao Pills, a Chinese patent medicine, treats mild and moderate **depression**: A randomised clinical trial combined with DNA methylation analysis. (Fan L et al. *Phytomedicine* 2024;130:155660).
- Efficacy and safety of YOXINTINE for **depression**: A double-blinded, randomised, placebo-controlled, phase 2 clinical trial (Dong Z et al. *Phytomedicine.* 2024;136:156204).
- Efficacy and safety of Qushi Huayu, a traditional Chinese medicine, in patients with **nonalcoholic fatty liver disease** in a randomised controlled trial. (Liu Y et al. *Phytomedicine.* 2024;130:155398).
- Effects of the Zishen Yutai Pill on live births compared with placebo among **infertile women** with frozen-thawed embryo transfer cycle: A multicentre double-blind randomised controlled trial. *Phytomedicine* (Chen X et al. *Phytomedicine* 2024;135:156072).
- Effect of Xuefu zhuyu oral liquid on **tension-type headache**: A randomised clinical trial (Zhou L et al. *Phytomedicine* 2024;135:156112).
- Efficacy and safety of Dachaihu decoction for **sepsis**: A randomised controlled trial (Huang N et al. *Phytomedicine* 2024;136:156311).
- The efficacy and safety of Bazi Bushen Capsule in treating **premature aging**: A randomised, double blind, multicenter, placebo-controlled clinical trial (Mei J et al. *Phytomedicine* 2024;130:155742).

TCM non-drug interventions to address major unmet medical needs

- **Acupuncture for migraine prevention and treatment**

- Acupuncture for **migraine** without aura and connection-based efficacy prediction: a randomized clinical trial (Zhang X, et al. *JAMA Netw Open*. 2026;9:e2555454).
- Acupuncture improves **migraine** and quality of life in patients with migraine: a systematic review with meta-analysis (Lu T, et al. *Syst Rev*. 2025;14:220).
- Manual **acupuncture versus sham acupuncture** and usual care for prophylaxis of **episodic migraine** without aura: multicentre, randomised clinical trial. (Xu S et al. *BMJ* 2020;368:m697).
- The long-term effect of **acupuncture for migraine prophylaxis**: a randomised clinical trial (Zhao L et al. *JAMA Intern Med* 2017;177:508-15).

● **Acupuncture for other disorders**

- Comparing the effect of acupuncture, sham acupuncture, and waiting-list control on patients with **post-stroke cognitive impairment**: A randomised clinical trial. (Chen X, et al. *QJM*. 2025 Sep 13:hcaf181. doi: 10.1093/qjmed/hcaf181. Epub ahead of print. PMID: 40971519).
- Effect of adding **electroacupuncture** to standard triple antiemetic therapy on **chemotherapy-induced nausea and vomiting**: A randomised controlled clinical trial. (Shen G et al. *J Clin Oncol* 2024;42:4051-9).
- **Acupuncture vs sham acupuncture** for **chronic sciatica from herniated disk**: A randomised clinical trial (Tu J et al. *JAMA Intern Med* 2024; 184:1417-24).
- Effect of **acupuncture** on neurogenic claudication among patients with **degenerative lumbar spinal stenosis**: A randomised clinical trial (Zhu L et al. *Ann Intern Med*. 2024;177:1048-57).
- Effect of acupuncture for **methadone reduction**: a randomised clinical trial. (Lu L et al. *Ann Intern Med* 2024;177:1039-47).
- Effectiveness of acupuncture for **anxiety among patients with parkinson disease**: a randomised clinical trial (Fan JQ et al. *JAMA Netw Open* 2022;5:e2232133).
- Efficacy of intensive acupuncture versus sham acupuncture in **knee osteoarthritis**: a randomized controlled trial. (Tu JF, et al. *Arthritis Rheumatol*. 2021;73:448-458).
- Acupuncture as adjunctive therapy for **chronic stable angina**: a randomized clinical trial (Zhao L, et al. *JAMA Intern Med*. 2019;179:1388-1397).
- Effect of electroacupuncture on **urinary leakage among women with stress urinary incontinence**: a randomised clinical trial (Liu Z, et al. *JAMA*. 2017;317:2493-2501).

● **Other non-drug interventions**

- Effect of **Baduanjin** on **blood pressure** among individuals with high-normal blood pressure: a multicenter, open-label, blinded-outcome randomized controlled trial (Pu B, et al. *J Am Coll Cardiol*. 2026 Feb 18:S0735-1097(26)00077-X. doi: 10.1016/j.jacc.2026.01.014)
- **Tai chi and postural stability in patients with Parkinson's disease**. (Li F, et al. *N Engl J Med*. 2012;366:511-9)
