

Hey DUC, don't make it bad.
You made a sad song, now make it better.
Remember your drilling oil breaks my heart
But you can start to make it better.

Hey DUC, don't be afraid.
take a big leap into a greener way
The minute you let the sun do the job
Then you will start to build a new day.

And anytime you feel the pain, hey DUC, refrain,
Don't burden the world with all your power
For now you know it's a fool who plays it cool
By making his world a little warmer.

Hey DUC, don't let us down.
You found oil, now you have to stop the drill
Remember to let this into your heart,
Then you can start to make it better.

So let it out and let it in, hey DUC, begin,
let go of the past, turn off your pipeline
For now you know it's a fool who plays it cool
by waiting to act till after deadline

Hey DUC, don't make it bad.
Take a sad song and make it better.
Remember the Earth needs you to depart
Then we can start, to make it better.

Better better better better better better, oh.
Na na na nananana, nannana, hey DUC
