

Shallow

Mænd:

Tell me somethin', girl

Are you happy in this fossil world?

Or do you need more?

Is there somethin' else you're searchin' for?

I'm falling

In all the bad times I find myself longing for change

And in the good times, I think you do too

Kvinder:

Tell me something, boy

Aren't you tired workin' for more oil?

Why do you need more?

Ain't it hard keepin' it so hardcore?

I'm falling

In all the bad times I find myself longing for change

Deep in my heart I know that you do too

Here we are begging, please make the right choice

keep oil and gas in the ground

Give us a future, free from pollution

So we can feel safe and sound

Make the right choice

**No time to wait
Change your strategy
Before it's too late
Oceans rising out of control
No time to be shallow now**

**Woah, oh, oh
Oh, oh, oh, oh, oh
Woah, oh, oh, oh**

**Here we are begging, please make the right choice
keep oil and gas in the ground
Give us a future, free from pollution
So we can feel safe and sound**

**Make the right choice
No time to wait
Change your strategy
Before it's too late
Oceans rising out of control
No time to be shallow now**
