

As around the sun the earth knows she's revolving  
And the rosebuds know to bloom in early may  
Just as hate knows love's the cure  
Mother Earth can rest assure  
That we are here for her always

As now can't reveal the mystery of tomorrow  
But in passing will grow older every day  
Just as all that's born is new  
to all life we will stay true  
with all the love we have always

Omkvæd  
Until the rainbow burns the stars out of the sky  
Until the ocean covers every mountain high  
Until the dolphin flies and parrots live at sea  
Until we dream of life and life becomes a dream

Did you know that nature asks for nothing  
Giving space for life is how we pay  
Did you know that life has given love a guarantee  
To last through forever and another day

Just as time knew to move on since the beginning  
And the seasons know exactly when to change  
Just as nature knows no shame  
We are here to praise your name  
we honor life on Earth always

As today we know we're living but tomorrow  
Could make us the past but that we mustn't fear  
For we know deep in our heart  
we all have to play a part  
In bringing nature back always

Omkvæd  
Until the rainbow burns the stars out of the sky  
Until the ocean covers every mountain high  
Until the dolphin flies and parrots live at sea  
Until we dream of life and life becomes a dream
