

Hey DUC (Dansk Undergrunds Consortium)

Hey DUC, don't make it bad.  
You made a sad song, now make it better.  
Remember we need your business to change  
And only you can make it better.

Hey DUC, don't be afraid.  
take a big leap and show a greener way  
The minute you let the sun do the job  
Then you will start to build a new day.

And anytime you feel the pain,  
hey DUC, refrain,  
Don't burden the world with all your power  
For now you know it's just a fool who plays it cool  
By making his world a little warmer.

Hey DUC, don't let us down.  
You found oil, now reconsider  
Remember to let this into your heart,  
Then you can start to make it better.

So let it out and let it in,  
hey DUC, begin,  
let go of the past, turn off your pipeline  
For now you know it's just a fool who plays it cool  
by waiting to act till after deadline

Hey DUC, don't make it bad.  
You made a sad song, now make it better.  
Remember we need your business to change  
And only you can make it better.  
Better better better, oh.

Na na na nananana, nannana, hey DUC
