

PRT NR.	PRODUCT IMAGE	DESCRIPTION
ACPK001P		POS terminal Alpha type Heavy "T" 10-50 mm² Zinc-coated die-cast brass 12-24V
ACPK001N		NEG terminal Alpha type Heavy "T" 10-50 mm² Zinc-coated die-cast brass 12-24V
ACPK002P-10		POS terminal Nautical type With M10 bolt Nut fastening Zinc-coated die-cast brass 12-24V
ACPK002N-10		NEG terminal Nautical type With M10 bolt Nut fastening Zinc-coated die-cast brass 12-24V
ACPK102P-10		POS terminal Nautical type With metal bearing M10 Nut fastening Zinc-coated die-cast brass NO BOLT 12-24V
ACPK102N-10		NEG terminal Nautical type With metal bearing M10 Nut fastening Zinc-coated die-cast brass NO BOLT 12-24V
ACPK002P-12		POS terminal Nautical type With metal bearing M8 Wing nut fastening Zinc-coated die-cast brass 12-24V
ACPK002N-12		NEG terminal With M12 bolt Nut fastening For Henschel-MAN, DAF trucks and tractors 12-24V
ACPK003P-8		POS terminal Nautical type With metal bearing M8 Wing nut fastening Zinc-coated die-cast brass 12-24V
ACPK003N-8		NEG terminal Nautical type With metal bearing M8 Wing nut fastening Zinc-coated die-cast brass 12-24V
ACPK004P		POS terminal Renault type Fastening to wire M8
ACPK004N		NEG terminal Renault type Fastening to wire M8
ACPK010P		POS terminal Industrial type Fastening to wire With M10 bolt Zinc coated die-cast brass 12-24V
ACPK010N		NEG terminal Industrial type Fastening to wire With M10 bolt Zinc coated die-cast brass 12-24V
ACPK014P		POS terminal Industrial type Fastening to wire With M12 bolt Zinc coated die-cast brass 12-24V
ACPK014N		NEG terminal Industrial type Fastening to wire With M12 bolt Zinc coated die-cast brass 12-24V
ACPK022P		POS terminal Straight Alpha type Reinforced 10-70 mm² Die-cast brass With alloy plate 12-24V
ACPK022N		NEG terminal Straight Alpha type Reinforced 10-70 mm² Die-cast brass With alloy plate 12-24V
ACPK008P		POS terminal Alpha type Small clamp for Japanese cars 10-35 mm² Die-cast brass 12-24V
ACPK008N		NEG terminal Alpha type Small clamp for Japanese cars 10-35 mm² Die-cast brass 12-24V
ACPK012P		POS terminal Heavy Alpha type 10-70 mm² Die-cast brass 12-24V

PRT NR.	PRODUCT IMAGE	DESCRIPTION
ACPK012N		NEG terminal Heavy Alpha type 10-70 mm² Die-cast brass 12-24V
ACPK007P		POS Terminal Ford modification
ACPK007N		NEG Terminal Ford modification
ACPK024P		POS terminal Ford modification Die-cast brass
ACPK024N		NEG terminal Ford modification Die-cast brass
ACPK009P		POS terminal Alpha type Reinforced 10-50 mm² Die-cast brass With alloy Plate 12-24V
ACPK009N		NEG terminal Alpha type Reinforced 10-50 mm² Die-cast brass With alloy Plate 12-24V
ACPK017P	Bild saknas	POS terminal Alpha type Double plate 10-50 mm² Zinc-coated die-cast brass 12-24V
ACPK017N		NEG terminal Alpha type Double plate 10-50 mm² Zinc-coated die-cast brass 12-24V
ACPK035P		POS terminal Fastening to wire 3x M6 Zinc-coated die-cast brass 12-24V
ACPK036N		NEG terminal Fastening to wire 3x M6 Zinc-coated die-cast brass 12-24V
QLAK001		Set of 2 terminals, POS and NEG With quick release red and blue polypropylene cover Fit to all SAE and DIN standard batteries Steel terminals inside, copper plated Resistance appr. 0,12 µ? at 10A Certified to be safe up to 800A
QLAKR01		POS terminal With quick release red polypropylene cover Fit to all SAE and DIN standard batteries Steel terminals inside, copper plated Resistance appr. 0,12 µ? at 10A Certified to be safe up to 800A
QLAKB01		NEG terminal With quick release blue polypropylene cover Fit to all SAE and DIN standard batteries Steel terminals inside, copper plated Resistance appr. 0,12 µ? at 10A Certified to be safe up to 800A
ACPK102SW		Swan-type terminal Copper plated zinc alloy Fits 6, 12 or 24V top post batteries Switch off power by turning green knob Remove knob for anti-theft function
ADKA001R		Terminal cover Red For positive straight Alpha type terminals
ADKA001B		Terminal cover Black For negative straight Alpha type terminals
ADKA002R		Terminal cover elbow right Red For positive boat terminal
ADKA002B		Terminal cover elbow right Black For negative boat terminal
ADKA003R		Terminal cover elbow left Red For positive boat terminal
ADKA003B		Terminal cover elbow left Black For negative boat terminal
