

Workshops for exchange of experiences for mentors in SUND's mentor program 2022

Output: Ideas and input to raise the quality of your mentoring process - and for your daily work.

Duration: 2 hours

Date and time: 7 November 2022, 16.00-18.00.

Format: (Short) presentations, discussion, reflections

As a mentor, you work alone, and you make great efforts helping your mentee deal with his/her challenges. It can be difficult to know if your approach as a mentor is the right one. Or you may have found a method that works, but do not have anyone to share your enthusiasm with. Now you get the opportunity to do so!

We would like to invite all mentors to participate in a workshop in the autumn. Here you can share your experiences with other mentors in SUND's mentor program for postdocs and we will give you a few suggestions for good conversation tools that you can also use in your everyday life.

To address your needs, interests or even burning questions, we will - before the workshop - ask for your input for the content, e.g. topics of interest to be discussed. This way, we can tailor the workshop to your needs and wishes.

Please mark the date and time in your calendar: *7 November 2022, 16.00-18.00.*

We are looking forward to an engaging afternoon and seeing you then.

Best wishes,

Mette Abildgaard Nielsen, Mia Dabelsteen, Nicole Schmitt and Lisa Ott
