WINE AND FOOD TASTING

£35 per person service staff & transport charges apply

Our Wine Tasting experiences are not the traditional, we're informative yet informal – you'll try some incredible wines at your own pace.

This Riserva wine and food pairing experience is perfect for any occasion.

WINE AND FOOD TASTING

As well as tasting our wonderful wines, you'll have some incredible foods perfectly paired with each wine. As opposed to the more traditional way of only having cold food to pair the wines with, we wanted this to be a truly special experience – as such you will try a good selection of cured meats and cheeses, but also foods of different cooking temperatures and techniques.

One of our chef-sommeliers will take care of you, introducing the wineries, the various labels you are going to try as well as explaining which food best complements each of the wines.

In this truly special experience, you'll enjoy five glasses (70ml) of white, rose and red wine, as well as a dessert wine served with our Signature homemade tiramisu at the end.

Email your enquiry at info@lucasevents.co.uk or call 01622449875 for a free, personalised quote for your event.
