

## Health Declaration Man

**According to the National Board of Health and Welfare's regulation (SOSFS 2009:30), a health declaration must be filled in and signed before possible assisted reproduction. The health declaration should include questions about the general state of health of the couple or woman. It shall also include questions about circumstances, events and behaviours which may present a risk of contagion or disease which may be transmitted to the child-to-be, such as travel habits, geographical origin, long stay in another country, injection abuse, accidents, vaccinations and the intake of medicinal products, and medical and non-medical interventions.**
