Identify your network with confidence

**FTTx identification with tags & labels
made to last**

The Brady advantage

Brady utilises the greatest product range on the market to offer a complete identification solution in any context. This means Brady can bring you these advantages:

- Best in class industry materials
- Industry leading rugged printers
- Service that is second to none
- Quick lead times
- European wide product approvals
- Labelling on the move

B-348 LSZH Cable marker

With UV resistance and Low Smoke Zero Halogen approvals, Brady B-348 material is perfect for the identification of fibre and copper cabling within the Telecommunication industry.

Suitable for use in all applications – Outdoor, Roadside Cabinets, Building Infrastructure and Underground.

Alternative Brady materials for telecommunication solutions

B-7643 high performance halogen-free cable tag. A cost-efficient, practical solution to identify thick cables and cable bundles in aggressive environments.

B-7598 polyester cable identification tag developed to keep cables identified in outdoor environments. It offers up to 10 year outdoor legibility and durability and is available in seven colours.

Cable Flags pre-formatted with two printable areas, allowing label to be easily folded around wires to create a two-sided, printed flag. Information is still legible on smaller diameter wires and the flag permits you to handle and view labels without touching the wires.

B-427 Rotating Label can be rotated around a cable thanks to a non-adhesive printable zone and a translucent, self-adhesive laminate that is wrapped around a cable, making the print readable from any angle, increasing the speed of cable identification which can be of major importance for fast troubleshooting.

B-499 nylon cloth material with matt finish ideal for general wire marking & labelling applications. The adhesive allows labelling in environments with heat, cold, oil and dirt. Available in white and yellow.

Cable identification material comparison chart

B-109 Tag	B-348 Tag	B-427 Rotating label	B-499 Label	B-7598 Tag	B-7643 Cable Tag		
Polyethylene	Polyolefin	Vinyl	Nylon cloth	Polyester	Polyurethane		
White Yellow	White Yellow	White	White Yellow	White Yellow Red Green Blue Silver Black	White Yellow Red Green Blue Silver Black		
	HF HALOGEN FREE				HF HALOGEN FREE		
Abrasion resistance	Fuel/oil resistance	High heat resistance	Low temperature resistance	Solvent/chemical resistance	Outdoor durability	Self-Extinguishing Anti-Flammability	Tear resistance

Brady offers a range of mobile printers to print your tags and labels in the field

bradyeurope.com/bmp21-PLUS

- Drop tested up to 1.20 m
- Print QR code & Datamatrix
- Tough on the outside, smart on the inside

bradyeurope.com/bmp51

- Drop tested up to 1.20 m
- Up to 38.10 mm label width
- 300 DPI Print Quality

bradyeurope.com/bmp61

- Drop Tested to MIL-STD-810G (1.20 m)
- Over 600 standard parts available
- WI-FI compatible

bradyeurope.com/bmp71

- One smart printer to print it all
- 25 Lines of text
- 200 MB of memory
