What Do You Know About Us?

Malta Quality Education is a consultancy specialized in quality assurance, accreditation, and international project management.

We support educational institutions with tailored services for sustainable growth and compliance.

CONTINUE

Our projects Premium Services

01 **Licensing & accreditation support**
We assist institutions through the full MFHEA licensing process - consultation, document preparation, submission, and follow-up - for smooth, compliant accreditation outcomes.

02 **Quality assurance & compliance**
We design and implement internal QA systems, conduct audits, and ensure institutions align with European standards and continuous improvement best practices.

03 EU Project development

We support institutions in designing and managing Erasmus+ and EU-funded projects, from partnership building to reporting and impact assessment.

04 Staff training & development

Customized training for educators and administrators focused on QA, digital tools, European frameworks, and leadership in higher education.

05 Digital education tools

We implement GESTWAVE EduPro, our smart platform for quality and academic management. Streamline reporting, evaluation, and compliance digitally.

06 Internationalization strategy

We guide institutions in developing internationalization plans, including mobility schemes, strategic partnerships, and global outreach strategies.

07 Internal audit & self-evaluation
We support the design and execution of institutional self-evaluation, providing tools, facilitation, and documentation aligned with QA standards.

08 RPL process support
We assist institutions in implementing Recognition of Prior Learning frameworks, ensuring fair, transparent assessment and alignment with qualification standards.

09 Consultancy for QA reviews
Hands-on guidance to prepare institutions for external evaluations and renewals, including document revision, simulations, and compliance checks.

10 Accreditation Readiness Review
We conduct detailed pre-audit assessments to identify gaps, enhance documentation, and prepare institutions for successful licensing or accreditation reviews.

Experience

Each institution has different needs: Malta Quality Education works in a customised manner to accompany providers and universities on their quality roadmap.

95% Satisfied clients

90% Completed activities

- New providers → support from requirements analysis to submission of licence application and accreditation at MFHEA.
- Established institutions → review of internal quality policies, preparation for external audits and updating of documentation.
- Innovative programmes → assistance in designing online and blended courses according to official guidelines, ensuring consistency with the MQF.
- Staff training → workshops and practical sessions for academics and administrators, geared towards continuous improvement.

Licensing

→ obtaining a licence to legally operate as a provider.

Accreditation

→ evaluation and approval of programs according to the Malta Qualifications Framework.

Quality audit

→ periodic review of internal quality practices and systems.

Enhancement

→ continuous improvement actions based on data, feedback and recommendations.

Students' voice

→ student involvement in decision-making processes and evaluation mechanisms.

OUR ADVANCE

Transversal competences

experience in regulation, design and operation applied to different educational contexts.

Transparency

clear processes, continuous communication and documentation in accordance with MFHEA standards.

Collaboration

we work hand in hand with academic and administrative teams to build lasting solutions.

Integrated approach

from licensing to audit, a single support throughout the quality roadmap.
