

Molly & Pollys autoværksted

Byg sjove biler af ispinde/spateler o.lign.

Til hver bilmodel kan man først se et eksempel på en færdig bil til inspiration. Siderne 1-3 (eller én af dem) kan bruges til at børnene i realstørrelse kan identificere hvilke elementer og hvilket antal, de skal bruge til at bygge bilen. Side 4 er selve byggeanvisningen til bilen. Stiplede elementer placeres bagest.

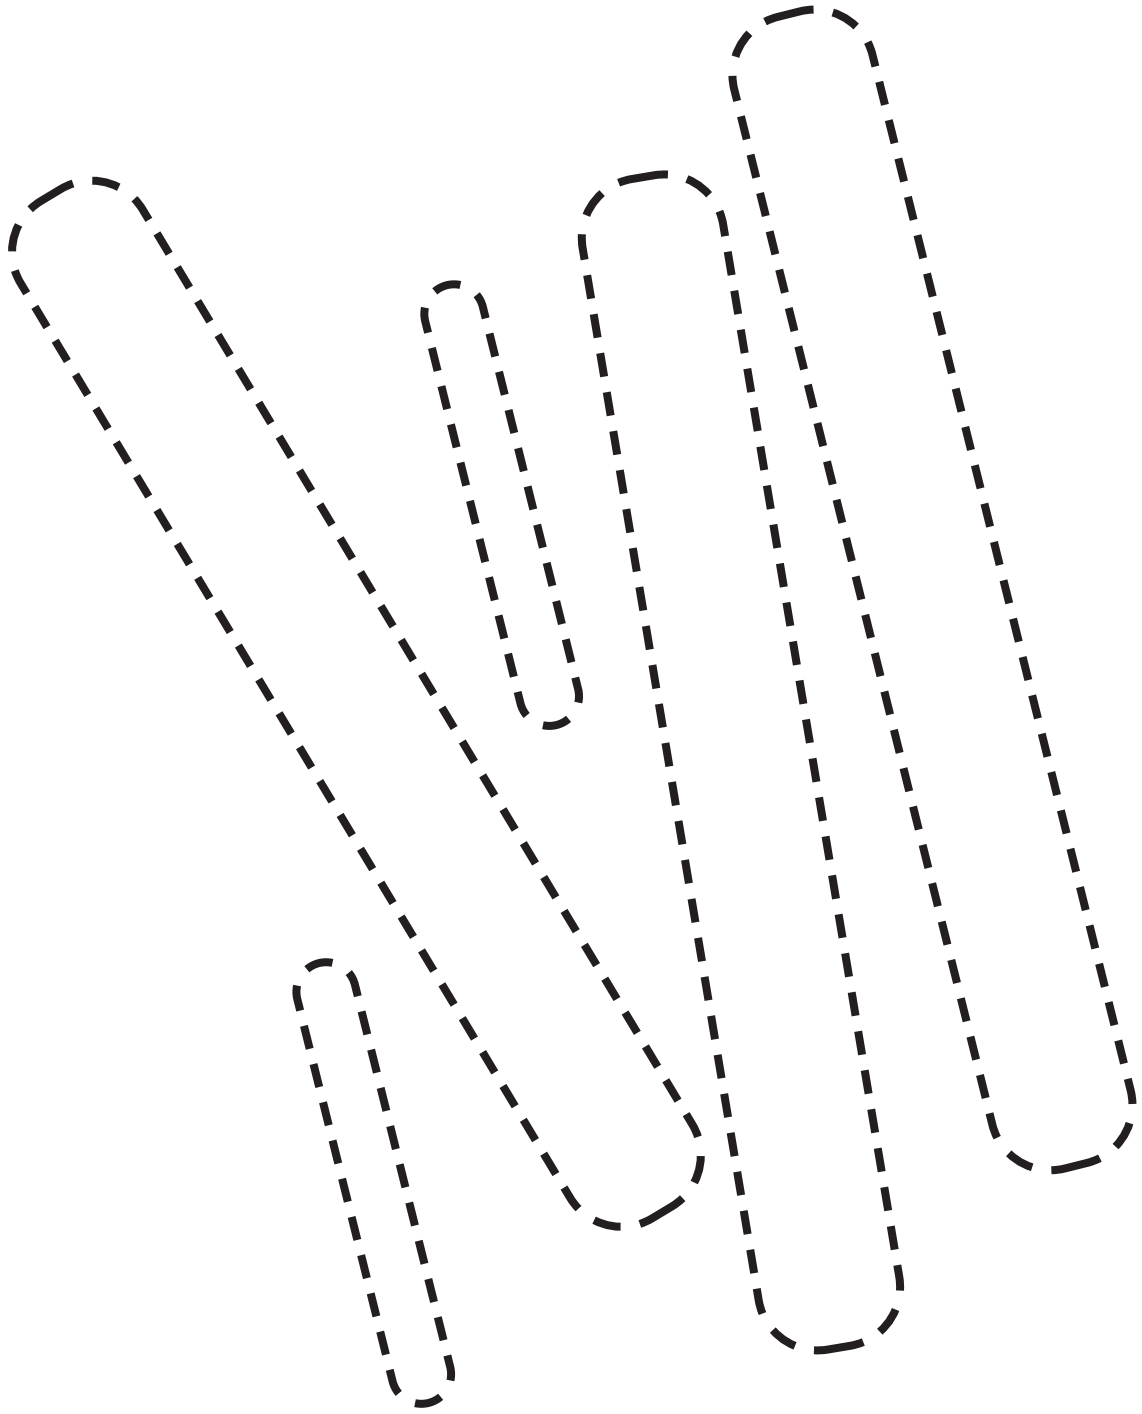

Brug fantasien og forhåndenværende materialer til hjul (f.eks. knapper, kapsler, låg, mosgummi) og pynt.

Træpindene males bedst med fingermaling før bilerne bygges.
