

# Year 4 Home Learning

**This week, we are encouraging Year 4 to get Sumdog, Bug Club and Purple Mash savvy!**

At school, we're using an engaging mathematical program called Sumdog. It uses games to encourage pupils, and automatically adapts to your child's needs.

To help with our mathematical learning, we'd like you to encourage your child to play a little Sumdog each week. As they play, Sumdog asks questions that are tailored to their individual learning. You can use the Sumdog website on your computer, or download the Ipad or Android app. **Your child has activities to complete that have been set by the class teacher and best of all their teacher can reward them with gold coins!!**

Purple Mash enables Year 4 to explore and enhance their knowledge in a fun and creative way. We use it to teach **Computer Coding**. However, art skills and times tables can also be learnt in a fun way.

Once your child has logged in, they should click on computing then 2CODE. Or explore the art and maths symbol.

**The more your child uses both programs, the more fun they can have and the more confident they will become at school during lessons.**

**Please be careful when saving the Sumdog, Bugclub and Purple mash passwords.**

**Only save them on your own personal devices.**

**BUG CLUB! This is an online library platform. The books are waiting for your child to read them on the virtual book shelf. So please log in tonight!**

**All passwords are in your child's green home learning book. Have fun!**

**From the Year 4 team.**

***Value of the month: responsibility***

**Let us be concerned for one another, to help one another to show love and to do good.**

**Hebrews 10:24**
