

Conference Announcement
Unlocking the Potential
Augmented Reality Transforming Higher Education
November 9, 2023 | Athens, Greece

Dear Colleagues and Innovators,

We are pleased to introduce the forthcoming Augmented Reality in Education Conference, scheduled to occur in the dynamic metropolis of Athens, Greece, on November 9, 2023. The conference will be held at the facilities of the European Parliament in Athens and is being orchestrated within the framework of the nPEAR Erasmus+ initiative, which is focused on higher education.

This occasion serves as a forum for educators, scholars, and forward-thinkers to delve into the profound influence of augmented reality (AR) on the realm of higher education.

Participation is free and can be either in person or online. To initiate the registration process, kindly access the provided hyperlink below.

The nPEAR Project Team

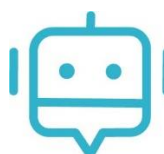

About the Conference:

Augmented Reality is revolutionizing the educational landscape by providing immersive and interactive learning experiences. It bridges the gap between the physical and digital worlds, offering unprecedented opportunities for engaging, dynamic, and personalized learning.

The European Commission support does not constitute an endorsement of the contents which reflects the views only of the authors, and the Commission cannot be held responsible for any use which may be made of the information contained therein.

Co-funded by the
Erasmus+ Programme
of the European Union
