

Concerning NMPC: Toni have a new colleague who is interested in revitalizing the dormant NMPC. The work is to be kickstarted in autumn 2024 after ECMP.

Denmark, Iceland, Norway and Sweden are encouraged to find persons interested in participating in the NMPC.

b. Status NACP scientific committee

No news.

Issue 2024-01/ 4 NACP Symposium 2026 in Sweden

a. Status organizing committee

The organization committee is still not settled, but some discussion is ongoing regarding structure and persons.

b. Status scientific committee

Issue 2024-01/ 5 Financial matters

a. Bank account: increasing costs

Asger Greval have contacted the bank for an update on the process. No other news yet, as the change has not been ratified.

b. Grants

Issue 2024-01/ 6 Webpages

Press release regarding Iceland's approval in EFOMP is on the webpage. Email for the delegate-position (currently Iceland) is created.

Issue 2024-01/ 7 Survey on physicist staffing in the Nordic countries

Will be postponed for next meeting, since we don't have all the data yet.

Issue 2024-01/ 8 Promotion of visits of medical physicists between Nordic sites

Finland have made a change to their programme. One year abroad can be approved as part of their physicist training.
Toni will send some official information regarding this so the board can share this information with the other NMOs.

Issue 2024-01/ 9 Other issues

- a. Acta Oncologica board representation
- Jan Seppälä accepted by Acta Oncologica
- The Acta Oncologica have approved Jan on the board.

We would like to resume the work with Acta Oncologica regarding a special issue with fast-track articles from the 2026 Symposium.

Toni will contact the NMOs regarding the approval of Jan.

Issue 2024-01/ 10 Next council meeting

Next meeting 22th of May 15.00 CET.

Toni Ihalainen
President

Caroline Stokke
Secretary
