

Danish regional report winter 2009

It's a great pleasure to be able to send this report, and attend the EDM meeting as the elected representative from Denmark.

It has been a long road, but finally we feel comfortable in saying that the division in the Danish fellowship is healed.

Today the Regional service comity works in a kind and loving atmosphere - we need money, trusted servants and experience - but we are working together with the common goal, that every addict in Denmark know about N.A. and get the possibility of joining our fellowship.

The Regional Service Comity have four subcommittees; administration comity, Internet comity, translations comity and Public Information's comity

The administration comity have for the first time trusted servants for all its positions incl alt's, the major work and goals for adm. is still working to implement the service structure we borrowed from Sweden and adjust it to Danish conditions and mentality. We still have to invent additions to our guideline as problems arise, and we still have to get more experienced in organizing the RSK-meeting and Service Conferences, we are presently working on our third Service Conference. Lately we have begun the process of getting governmental approval as charitable organisation. We are to elect Regional Delegates at our Service conference in April, (the representatives for winter 2009 EDM are elected for the occasion) and hope to be seated at WSC.

The Internet comity have for a long time been our best function comity. We have two regional homepages www.nadanmark.dk and

www.naspeaker.dk Our homepage were visited 27.000 times i 2008 a climb from 12.000 in 2007. you are welcome to send information about Conventions and N.A. events to webmaster.nadanmark@gmail.com and we will put it on the homepage.

The translation comity is a Small but hardworking comity, "just for today" is translated and has been circulating in the fellowship as a draft, right now a professional translator is making the final text, the comity has translated a number service litterateur, and has now begun working with " How and Why".

Public Information comity is organized as a unit that coordinate the work of the areas P&I comity's. The comity's most notable result is the establishing of a regional helpline - substituting the 2-3 local helplines. But the form of the work , where service people from across the country come together to help the suffering addict, has been a vital contributor of the new-found unity in the fellowship

In Denmark we have five areas, we have 128 groups and 131 meetings in 39 different city's. These numbers haven't changed much the last few years

In 2009 we have the following N.A. events:

6-8 Feb. Convention in Esbjerg

3-5 April Service conference in Odense

2 may unity-day in Ringsted

29-31 may Convention in Copenhagen

31-2 Aug. Camp and Convention in Skanderborg

2-4 Oct. Convention in Aalborg
