**Summer EDM Moscow 2012**

First of all: We look forward to see you all again.

After we participated at the summer EDM in Malmö, the areas at the RSC decided that we could only participate at two meetings outside Denmark each year and we choose to go to the WSC in LA and summer EDM in Moscow.

We have 132 meetings every week and 49 of them take place in Copenhagen.

The Danish RSC still have a lack of trusted servants. We have no chair or vice-chair, all the chairs of the sub-committees have no vice-chairs and for almost a year we had no secretaries. At the last RSC we finally got a secretary, but just one... All the members of the SC fill out the empty spaces.

The treasurer (no vice-chair) told us at the last RSC in June that our budget is fine and we can afford to fulfill our visions. The members really donate a lot and some groups donate directly to RSC.

TC is growing, more members are now translating and The Step Working Guide is very soon ready to be mailed to WSO. And then the busy committee will translate **It Works: How & Why** and *then* start translating **Living Clean**.

P.I. did a successful training day and more days will follow. The regional helpline have doubled the openings hours and now you can talk with a helpful recovering addict from 18:00 to 22:00 every day all week!

The web-chair is still working on the new NA.dk site and it looks just great so far. We hardly can't wait to see it!

The regional H&I sub-committee became a reality this year and is working hard to carry the message.

RD & RD ALT are busy doing CAR workshops at the conventions all over the country. We have just done "In Times Of Illness" in Skanderborg and will translate one of the "new" ones for the next convention in Aalborg.

At the last RSC we tried to adopt more from our sponsor country, Sweden. Thomas RD Alt had an inspiring talk with the Swedish delegates in LA and we placed an empty chair in the middle of the meeting, symbolizing the new-comer and the still suffering addict. We also were more precise in the

presentation when we were talking, saying fx: I am an addict, my name is erik and I am the Regional Delegate. It made sense! In the near future we hope to make a team-building weekend for the SC likewise in Sweden. Thank you, Sweden!

The Danish members want us to let the EDM know that they hope the ECCNAs will be placed in Central Europe. Very few Danish addicts can afford to go to Russia and Israel. It is not only expensive, it is also difficult to many to find out how to get visa, where to stay, how to get around, etc.

At the RSC meetings since Malmö we have talked about why the winter EDM not is the same place every year, fx. in Brussell. Maybe it would be cheaper and easier. We hope we can discuss the idea in Moscow.

### **NA Events:**
