

## Questions up for Discussion

**Do we want to move on with the Learning Days as an additional EDM event, as the primarily FD event of the EDM?**

**Do we go for once a year or every second year?**

**FD will create guidelines based on ESL experience and will present this at next EDM.**

### **Some suggestions:**

ESL will be up for a bid, similar to a Winter EDM bid.

Bid needs to send out to SC/FD Committee beforehand to check if it's according to our ESL guidelines.

Responsibility of Funding Participants will be with the EDM/FD.
