To whom it may concern

As the Chairwoman of RSK NA Denmark I refer to you regarding the above mentioned subject. As it may known to you that NA in Denmark has been represented by two regions: RSK NA Denmark and Region Indland. We have together succeeded in translating some literature and worked together in a committee to pull out the strings of old misunderstandings and so forth, but there seems to be no one to contact in Region Indland anylonger and the latest mentioned worked ceased last year.

Since RSK NA Denmark is concerned to move along in the process of translation and considers to elect an RD, it is of our greatest concern to find a way through to Region Indland.

On behalf of RSK NA Denmark I therefore kindly ask for your experience and assistance in this matter. Please contact me by this mail or by mobile 0045 27 10 34 30 for further information.

Helle, member of NA
