Name: Roopendra

D.O.B.: 1st August 2017

Age: 9 years

Class: 4th

Father's Name: Munish Singh

Mother's Name: Late. Rachna Devi

Dear Sponsor,

Roopendra is a 9 years old boy. At present he is studying in 4th standard in the Government School located within the village. He is a shy child. He likes to go to school. He dreams to become an Army officer.

Roopendra lives in Nikau Village in Firozabad district in Uttar Pradesh State. There are total five members in the family. He has two brothers and one younger sister. Roopendra lost his mother few years ago. Due to poor economic situation of the family, his father could not study and remained illiterate. He is a labourer, but due to poor health, he is not very regular in his work. Presently, he is working as a labourer and earns an average income of INR 6000 to INR 8000 per month.

Roopendra father could not study, but he wishes that Roopendra should go for higher education.

Roopendra father is not well. For serious illnesses they are visiting local quacks in the village. For serious illness they visit public hospital, which is 25 kms from their community. Fortunately they have their own parental house. But their living condition is poor.

Due to the weak socio economic condition of the family, it is important that Roopendra is supported so that he can continue his studies. This will help him to have continuity and better future possibilities. Roopendra also loves to go to school. Therefore, Tara recommends Roopendra for the sponsorship support.

We are sure that the decision to provide sponsorship support to Roopendra will encourage him to continue his studies and will motivate the family for the continuation of his studies in the long run. So that he can become self dependent.

Roopendra with his brother

**Thank you for your
support**
